VOL. XLII—No. 36

PENTICTON, B.C., THURSDAY, SEPTEMBER 4, 1952

3 Sections — 20 Pages

NOT EVERY LITTLE GIRL can boast that she got a big hug and a kiss from the Prime Minister of Canada, but that's what little Linda King got on Tuesday when, on behalf of the BCFGA, she presented Prime Minister Louis St. Laurent with a silver bowl filled to overflowing with Penticton peaches. The occasion was the civic luncheon tendered the distinguished visitor in the Hotel Prince Charles. Decision to have the tiny tot make the presentation was a happy one as throughout his brief

visit Mr. St. Laurent demonstrated by word and gesture that children are his first love. Linda, just a little timid, was whisked on to the table immediately after the above picture was taken to get her reward. Almost hidden by the Prime Minister is H. D. Francis, MLA-elect for the Similkameen, next is Mrs. M. M. Colquhoun and Alderman and Mrs. F. C. Christian. They were among the more than 30 guests at the head table.

\$300,000 Needed To Safeguard Channel

City Council Concerned Over Penticton Creek--Turns To Governments

Penticton's council, at its Tuesday evening meeting, determined to make an immediate effort to secure government assistance in repairing Penticton creek. A brief will be prepared by the council's public works committee in association with the city engineer, for the attention of both provincial and federal authorities, and O. L. Jones, MP for Yale, and the Rev. Harry Francis, newly elected Similkameen M.L.A., will be asked to meet the council to inspect the creek and to confer on ways and means of financing.

\$50,000 To Prepare For Run-Off

"We simply cannot afford to do this ourselves," declared Alderman J. G. Harris, who warned that if \$50,000 were not spent in necessary work by next spring, "that creek will not be in shape to stand the run-off ensuing."

The minister of public works, in Penticton on a recent trip, had not inspected the creek, Alderman Harris continued, but had made the comment that the new government was not necessarily committed to programs of the former administration.

"I don't know if we're going to get the rest of our \$55,000 grant, or not," he stated, alluding to the understanding with the earlier government. "And I'm very concerned."

Speaking as chairman of the council's board of works, Alderman Harris emphasized that "I certainly think we should know, and take steps to find out where we stand."

With Alderman Christian and Titchmarsh, Alderman Harris had

concluded a close study of the creek on the preceding day, and this, linked with the city engineer's recent report on the creek, offered a grave picture.

"We just don't have the financial ability to meet this situation ourselves," he stressed.

The municipal department looks with no favor on floating another money by-law here, and neither does the council.

Alderman Harris estimated that it would require at least \$300,000 to "come anywhere near to a permanent piece of work."

"So what are we going to do?" Alderman Harris demanded. "We can't take \$50,000 from our general funds in any one year—everything else would come to a full stop."

The comment was made that if renovating work were not launched in the near future, "we'll be right back where we were in that creek channel when Warburton (city engineer at that time) started his weirs."

Assistance Justified Says Alderman

The assistance could be justified on the grounds of public necessity, said Alderman Christian, who introduced the resolution calling for the preparation of a brief, and a conference with government ministers.

"We made a mistake in not having the minister look at that creek when he was here," commented Alderman Christian, "and when he's here again we must make sure of such an inspection."

"I don't think we haven't gone out and done our best for ourselves," continued Alderman Harris. In the past, twenty years, he estimated, the city by-law and yearly upkeep work had spent well over a half million dollars.

Alderman Christian remarked that in studying the present condition of the creek he had formed the opinion that the weirs had not been properly constructed, not built properly from the base up.

"If any money is spent in the future," he said, "we should have plenty of good advice."

City engineer Paul Walker said it would require \$5,000 per weir to provide solid masonry which would resist the pressures involved.

There are 35 weirs in all, and some 20 are in need of varying repairs, according to his recent report to council.

No matter what was done in future, Mr. Walker added, a few weirs would have to remain, to help kill the velocity of the water.

"We should replace the weirs as soon as they wash out, and hope that there aren't too many going out in any one year," said Alderman Harris, with a rather rueful smile.

"Does this indicate that the weirs were not installed properly?" asked Mayor Rathbun.

Alderman Titchmarsh entered the discussion at this point, and was backed by Mr. Walker, in stating that the weirs put in by a program of several years ago were on "too light a basis."

"It's like trying to carry a three-ton load in a passenger car," said the engineer.

Recalls Previous Losses From Floods

Alderman Harris referred to the flood of 1942 and losses to private property owners alone of some \$200,000.

"And this figure does not include losses to business properties and to business generally speaking, or to city and government property."

In that year at least five homes had to be torn down, and 18 homes belonging to pensioners were destroyed so far as exteriors were concerned, no work being done on the inside whatever. At this point

the alderman was referring to a survey he conducted for the Red Cross, and to assistance that was given.

No help was given at that time by the governments.

"The discussion here tonight has been carried on by every council," remarked Alderman Titchmarsh.

"Look back over the files of the Penticton Herald," he suggested, "and you'll find the very same headache, year after year, with plans for aid, and representatives going down to Victoria. Yet we still have no section of the creek that is really stable or safe. Why do we have to keep on crying like a voice in the wilderness?"

The city of Trail had put in a cement conduit, Alderman Titchmarsh explained. It had eroded to the extent it failed. Renovations had received government aid.

"It is all most frustrating," he summed up.

In discussing actual conditions throughout the creek, Alderman Harris offered it his opinion that the channel at the bottom was large enough, "if we don't let it fill up more." Commenting the bottom and sides of the channel in that area had been under study for some time. But, he also emphasized the value, and perhaps the greater value, of attention to the upper reaches of the creek.

Discussion ended in adoption of the resolution, calling for a brief, and conference with the governments.

FIGURE SKATING
Meeting of the Glenarry Figure Skating Club will be held Thursday next in the Hotel Inland, at 8 p.m. Members are urged to attend as an instructor is available but membership approval is required before she can be retained.

Friday Night, Hockey Night; First Game Oct. 14; Defencemen Signed

Eddie Brown, beefy defenceman with Nanaimo Clippers last season and formerly up in the big time until an accident cost him an eye, has been signed by the Penticton V's along with Jim Fleming, husky defenceman who last year performed with the Kamloops Elks.

This is the first announcement of new blood for the V's but it is understood that more negotiations are going on behind the scenes.

Schedule plans were near finalized at a league meeting in Vernon last night at which Clem Bird represented Penticton. Heavy pressure brought to bear on the V's executive resulted in a request from the local club for Friday night hockey. As a result Friday, with the exception of Boxing Day night, will be hockey night with 18 games scheduled for that night during the season. Tuesday nights almost every second week in the season will see the V's in action on home ice.

First game on home ice, Penticton vs Kamloops Elks, is scheduled for October 14.

Copies of the schedule will be received by each club in the league for ratification this week-end and any suggested changes must be in the return mail. They will be given consideration but the schedule committee's decision will be final.

Joan Nagle Comes Home

City Goes Wild Over Miss PNE

Joan Nagle's lovely eyes widened in surprise, then filled with tears born of deep emotion as she stepped off the Vancouver train at the CPR depot here last night to be welcomed by a cacophony of cheers, screaming car horns, the skirl of the pipes and cries of "well done Joan" from the people thronging the platform.

This was Penticton's greeting to the lovely girl who through months of public appearances as Peach Festival Queen-elect and then as regent of the title of Queen Val-delette V during the hectic days of the Peach Festival had endeared herself to the people of this city and district, and last night they again paid affectionate homage to their Queen who, in competition with the pick of British Columbia's young women, had won the proud title of Miss PNE.

Hundreds of cars jammed the approaches to the depot and hundreds of people crowded the platform. Hundreds more waved a greeting to Miss PNE as she rode in state down Main street preceded by the Canadian Legion pipe band.

ROYAL GREETING
At Gyro-mark another royal greeting awaited the Queen when her subjects, represented by civic leaders and heads of service and women's organizations, presented the happy girl with many gifts in token of appreciation for the honor she had brought to Penticton by winning the coveted title of Miss PNE.

The city's number one citizen, Mayor W. A. Rathbun, paved the way for the many tributes when he described Miss Nagle as a "perfect girl."

Significant of the all-round appeal of Penticton's Queen Val-delette V was the tribute paid her, by her contemporaries in high school and Teen Town. Said Sholto Heberton, president of the student council, "We are proud of Joan and we hope that she will go on to become Miss Canada."

Lorraine Hill, of Teen Town, and Pench Festival princesses Norcen Bond and Connie Tannant joined in halting the signal honor won by their school mate.

IMPROVEMENT IN ARENA P.A. SYSTEM SOUGHT

Dissatisfaction with the present sound system in the Memorial Arena, and an urgent request that steps be speedily taken to remedy the situation, featured a meeting between representatives of the city council and parks board held last Friday afternoon.

The outcome was that the city clerk was instructed to write the firm of Taylor and Pearson, B.C. Limited, which installed the equipment, with the request that its representative, with full authority to speak on the firm's behalf, meet with council and parks board in the immediate future.

REVIEWED CASE
Clare Way, chairman of the parks board, reviewed the background regarding the sound system installation. He acquainted the council with the fact that the architect with the firm had not issued specifications for the installation of the sound system, but asked that each tenderer submit specifications with the bid. The successful tenderer, Taylor and Pearson, B.C. Limited, had been

More Road Warning Signs Suggested In Skaha Lake Area

A member of the RCMP traffic division recently interviewed the Penticton council's board of works committee and made certain recommendations regarding speeding in the Skaha Lake area.

He indicated that that particular area had not been under highway patrol for the past year, but that it would now come under his jurisdiction, which is from Westbank to the border.

It was his feeling, he said, that traffic violations in the beach section, west of the river, were largely because of a lack of signage.

He therefore suggested large warning signs at the foot of Kruger's Hill, perhaps in the form of a "Welcome to Penticton" sign, with "slow to 20 miles per hour" posted. He also recommended that the speed limit sign immediately east of the bridge at the lake be changed to read "Beginning 30 miles per hour."

A further suggestion was that an intersection sign should be placed both north and south of the garage at the forks, in addition to the already located slow signs.

No Longer Just A Name And A Picture

Penticton Enthused Over Visit Of Prime Minister

TEN-YEAR-OLD BOY KILLED IN ACCIDENT HERE

A ten-year-old Penticton boy, Phillip Mitchell, died in hospital here Friday afternoon shortly after the bicycle he was riding crashed into a truck driven by Palmer Sather of this city at the corner of Winnipeg street and Fairview road.

An inquest held on Saturday absolved the driver of the truck of any blame in the accident.

The accident occurred shortly after noon on Friday when the boy allegedly swerved into the side of the truck. He was rushed to the city hospital, but died an hour-and-a-half later from internal injuries suffered in the collision.

Born in Brandon, Manitoba, the boy had lived with his grandparents, Mr. and Mrs. H. A. Rantz, of this city, most of his life.

Funeral services were held from the Penticton Funeral Chapel on Tuesday, Rev. A. R. Eagles officiating. Interment was in Lakeview cemetery.

First Fall Meeting Of Board Of Trade May Be Postponed

First fall meeting of the Penticton Board of Trade, tentatively scheduled for next Thursday, may be postponed until the following week in order to permit O. L. Jones, M.P. for Yale, to address the membership.

"Mr. Jones, owing to prior commitments, is unable to attend next Thursday, but many of the board are of the opinion that we should hear from our federal member," A. G. Schell, president, stated today.

Date of the meeting which will mark the end of the summer recess will be decided at a meeting of the board council, which is to be held tonight.

Motorists are again reminded to observe school zone speed limits. Police are on the alert for violators.

Grizzly Cattle Killer Eludes Falls' Hunters

Okanagan Falls cattle ranchers are having bear trouble, and so far the Bruin in question—a large sized Grizzly—has eluded hunters.

The Grizzly has killed eight head of cattle in the Falls area in the past week or so and last week two Okanagan Falls ranchers, "Buddy" and "Mannie" McLean set out to kill the brute.

They took their guns and stationed themselves in a tree in a location frequented by the bear.

The Grizzly arrived according to plan, but the hunters had forgotten to bring a flashlight.

They heard the bear in the bush near them move in and kill a calf—which later proved to be one of their own—but they didn't dare come out of their tree without a light.

The hunters' younger brother, Robert McLean, has had more success bear hunting. He shot three black bears in three days last week, but so far the killer Grizzly is still a menace to cattle in the district.

Man Searched For Located In Halifax

RCMP search for Richard English, 35, student pastor of the Evangelical Free Church at Silverton, B.C., missing since May 26, ended last week with the finding of the man in Halifax, N.S.

For some weeks Mr. English was believed to be in the Penticton area, a belief strengthened by reports received by police after publication of Mr. English's picture in The Herald of July 24.

Police here have no report of what prompted the student pastor's disappearance.

It was announced this week that Warren Rolls has sold his interest in the city firm of Hunt-Rolls Limited to his former associate, Wilson Hunt.

New BCFGA By-Laws Now In Operation

New by-laws of the British Columbia Fruit Growers Association became effective on September 1, it was announced this week.

Salient feature of the new by-laws is the provision that all officers of the association and its affiliated bodies will, in future, be elected at the association's annual convention.

The change stems from the passage of an extraordinary resolution at the annual convention held in Penticton last January, rescinding the by-laws of the association and instructing that they be replaced by new by-laws prepared and submitted by the planning committee to the BCFGA executive. The executive was also authorized to determine the date at which the new by-laws would become effective.

In that year at least five homes had to be torn down, and 18 homes belonging to pensioners were destroyed so far as exteriors were concerned, no work being done on the inside whatever. At this point

the alderman was referring to a survey he conducted for the Red Cross, and to assistance that was given.

No help was given at that time by the governments.

"The discussion here tonight has been carried on by every council," remarked Alderman Titchmarsh.

"Look back over the files of the Penticton Herald," he suggested, "and you'll find the very same headache, year after year, with plans for aid, and representatives going down to Victoria. Yet we still have no section of the creek that is really stable or safe. Why do we have to keep on crying like a voice in the wilderness?"

Meeting of the Glenarry Figure Skating Club will be held Thursday next in the Hotel Inland, at 8 p.m. Members are urged to attend as an instructor is available but membership approval is required before she can be retained.

The two other cases were diagnosed in this area last week. One of the victims, a 16-year-old Kootenay youth, recovered sufficiently to return to his home near Trail.

The fourth victim, a three-year-old Kereheos girl, is receiving

Justice Minister Stuart Garson, who was to have come to Penticton, left the official party at Calgary and went straight through to Vancouver in order to attend the opening sessions of the annual convention of the Canadian Bar Association.

Also travelling with the Prime Minister were Jack Pickersgill, clerk of the Privy Council; Ross Martin of the leader's secretariat staff and representatives of the press from across Canada.

The Canadian Legion pipe band and an honor guard of scarlet costumed RCMP provided a splash of color at the airport as the Canadian Prime Minister and his party alighted from the Canadian Pacific Airlines' plane at the Penticton airport.

Mayor W. A. Rathbun and other civic dignitaries welcomed the distinguished visitors to Penticton and the Okanagan.

A civic luncheon at the Hotel Prince Charles followed and then Mr. St. Laurent addressed a large crowd in Gyro park before proceeding to Skanawau where the party boarded the train for Vancouver.

LOVELY MEMENTO
The Prime Minister carried with him when he left a permanent memento of his visit in the form of a silver fruit bowl, a gift of the BCFGA made on behalf of the valley growers.

Presentation of the lovely memento was made by four-and-a-half year old Linda King, daughter of Mr. and Mrs. Avery S. King of Penticton. The silver bowl was filled with choice peaches of which Mr. St. Laurent said, "they are the most beautiful and delicious peaches I have seen anywhere at any time."

Of the silver bowl, the Prime Minister declared that it would become a heirloom in his family, one that would be a permanent reminder of the kind of fruit basket Penticton was to the nation.

The importance of agriculture to the continued prosperity of Canada was emphasized by Mr. St. Laurent.

Bride-Elect From Victoria Honored During Valley Visit

Miss Patricia Henderson, a bride-to-be, who with her parents, Mr. and Mrs. Harold Henderson, of Victoria, were week-end guests at the home of Mr. and Mrs. Douglas Dewar, Banbury Point, was honored at a number of social functions during her visit to the Okanagan Valley.

The lounge on board the SS. Slocan was the scene of a shower and tea on Friday afternoon when Mrs. A. F. Cumming, Mrs. Wilson Hunt and Mrs. W. V. Knox entertained for Miss Henderson.

Presiding at an artistically arranged tea table, decorated in an

all-white motif, with white lace cover, white tapers and a low centre bowl of white chrysanthemums, were Mrs. Douglas Dewar and Mrs. Duncan F. Carswell.

Serviteurs were Mrs. Bernard Gayle, of Vancouver; Miss Patricia Dewar, Mrs. Alex Cumming and Mrs. W. Roy Walker.

Again honoring the bride-elect was the kitchen shower given on Saturday afternoon by Mrs. Duncan F. Carswell, Braeside.

The honoree received many gaily wrapped gifts which she opened with the assistance of her sister, Miss Janet Henderson.

Following a tour of the lovely gardens at Braeside tea was served to the guests from a table decorated with autumn blooms from the artistic garden. Yellow and green place mats formed a perfect color complement for bowls of bronze and sun yellow zinnias ornamenting the table.

Mrs. Douglas Dewar and Mrs. Harold Henderson, presided during the tea hour and serving were Miss Patricia Dewar, Mrs. W. V. Knox and Mrs. J. B. Feeney.

Young Children Of Californians Christened Here

NARAMATA—The home of Mr. and Mrs. Harold A. Mitchell was the scene of a pleasing ceremony on Thursday afternoon when their two young grandchildren, visiting here with their parents, Mr. and Mrs. James Rouleau, of San Pedro, California, were named in Christian baptism.

Rev. R. A. McLaren, principal of the Naramata Christian Leadership Training School, officiated when Rhonda, Abbott and James Randolph Mitchell were the names bestowed on the five-year-old daughter and the eight-month-old son of Mr. and Mrs. Rouleau. Of particular interest was the christening bowl, which is an heirloom of the principals' maternal great-grandmother.

Named as godparents for Rhonda were her cousins, Dr. and Mrs. C. A. Hornby, of Vancouver; and for "Randy," Mr. and Mrs. S. L. Harbin, of San Pedro.

The young children's paternal grandparents are, Mrs. Helena Rouleau, San Jose, California, and the late John Lawrence Rouleau.

Following the ceremony Mrs. L. L. MacDonald, great-aunt to Rhonda and Randy, presided during the tea hour when a reception was held for members of the family.

Birthday Party For Miss Janice Walker

Miss Janice Walker, young daughter of Mr. and Mrs. Tommy Walker, was hostess on Friday afternoon to a number of her playmates on the occasion of her ninth birthday.

A happy afternoon of games and play was enjoyed by the young guests prior to the serving of delicious refreshments which featured a gaily decorated birthday cake and candy favors.

Present at the party were Joanne Hill, Leslie Hunter, Linda Leslie, Ann Lawlor, Joan Pearson and Carol Bird.

Mr. and Mrs. E. Blair Smith, of Vancouver, were Labor Day weekend visitors at the home of the former's parents, Mr. and Mrs. H. H. Whitaker.

MISS TORONTO — Miss Thelma Brevis, 20, a bookkeeper, was chosen Miss Toronto of 1952 at the annual police games. The new Miss Toronto is single but engaged.

Mr. and Mrs. C. Oscar Matson Attend IOOF Functions

Mr. and Mrs. C. Oscar Matson have returned from Caldwell, Idaho, where they journeyed with Mr. and Mrs. Vern Whitworth, of Vancouver, to participate in the dedication of the IOOF Presley F. Horne Memorial Building.

They later spent some time at Sun Valley, Idaho, in company with J. Looney, sovereign grand master, IOOF, as guests of Mayor and Mrs. George Venable, of Sun Valley and Ketchum, Idaho.

Prior to returning to Penticton Mr. and Mrs. Matson attended the International Encampment and Patriarch Rally, IOOF, at Mission City, where Mrs. Matson, as a member of the Ladies' Auxiliary, Vancouver, No. 1, to the Canton, participated in a ceremony conferring the Decoration of Chivalry.

Frances Jane Minns Celebrates Birthday

Frances Jane, small daughter of Mr. and Mrs. George W. Minns, was five years old on August 27 and to celebrate the occasion was hostess to a number of her young playmates during the afternoon.

Games and contests with many prizes entertained the party prior to the serving of the birthday cake and other party refreshments.

Present at Frances' party were Juanita Stallard, Shirley Stogran, Cheryl Bryant, Maureen McAlley, Laird and Stanley Fell, Pat and Ronnie Burbridge, Marilyn Smith, Clarice Dalby, Charles Minns, Kathleen and Margaret Gormley, of Vancouver.

CARS Executive To Address Two Local Meetings

Miss Mary Pack, of Vancouver, executive secretary of the Canadian Arthritis and Rheumatism Society, who is currently touring British Columbia in promotion of the organization's work, will arrive in Penticton on Tuesday to present two addresses.

She will be the guest speaker when the Penticton Women's Institute holds its first meeting of the season on Tuesday afternoon in the Red Cross Centre. The W.I. will convene at 2:45 p.m. and following a short business session will be addressed by Miss Pack at 4 o'clock.

The guest speaker will outline main projects of the CARS and centre her discussions on the operation of the Blue Bird Vans which are active throughout B.C. centres.

Miss Pack will speak again at a meeting Tuesday evening at 8 o'clock in the Alexander Room of the Legion Hall.

Films will be shown at both meetings and the public is invited to attend with a special invitation extended to the districts of Naramata, Summerland, Keremeš, Oliver, Osoyoos, Okanagan Falls and Kaleden.

These centres are closely associated with the Penticton Arthritis and Rheumatism Society and should find the addresses by the society's executive secretary most interesting.

Naramata Woman Wins Two First Prizes At PNE

Mrs. William Munro, of Naramata, has won two first prizes in the textile division of the home arts show at the Pacific National Exhibition which was held from August 20 to September 1 in Vancouver.

This is not the first time honors have gone to Mrs. Munro for her needlework. During her four years of exhibiting at the PNE she has received numerous prizes and was winner of a first prize at the Toronto National Exhibition last year with her entry of a large size crocheted table cloth.

A large size luncheon cloth with cream-colored crocheted lace and crocheted place mats in a set of six won this talented Naramata needlewoman her two first prizes.

A second prize also went to her for a handbag made of lavender colored huck toweling with darning-stitch embroidery.

Mrs. Munro plans to make entries of needlework in the Interior Provincial Exhibition being held in Armstrong September 16, 17 and 18.

Mr. and Mrs. D. N. McDonald left Tuesday for a week's holiday in Spokane.

Miss Margaret Duncan became the bride of Robert Derek Conway at one of the season's prettiest ceremonies solemnized on Monday afternoon in St. Saviour's Anglican Church with Rev. A. R. Eagles as officiating clergyman.

The bride, who is the daughter of the late Mr. and Mrs. George E. Duncan, was given in marriage by her uncle, John Sheriffs, of Spokane, Washington, to the son of Mr. and Mrs. F. J. Conway, of Cromer, Norfolk, England.

A profusion of pastel-colored gladioli throughout the church made a lovely background for the wedding entourage.

The bride, in a gown of French lace over satin and net, carried a colonial bouquet of red roses to accent her wedding attire. Her frock was styled over a petticoat of frilled net which peeked from the skirt's front drape to extend into a full length train. A finger-tip veil of sheer net misted from a Dutch style cap of Chantilly lace and pearl ear rings were worn as the bride's only jewellery.

Mrs. John Tuffrey, as her sister's attendant, chose a pale blue chiffon frock for her matron of honor costume. With this she wore a hair bandeau entone and carried a nosegay of pink and white carnations.

Douglas Patterson, brother-in-law of the groom, was best man and ushering were John Tuffrey and Leonard A. Chartrand, also a brother-in-law of the groom. Mrs. Fred Burton was church organist.

At the wedding reception held in the Hotel Prince Charles, Mrs. John Sheriffs, the bride's aunt, assisted in receiving the many guests. She was attractively attired in aqua colored lace with brown accessories and yellow rosebud corsage. Mr. Sheriffs proposed the toast to his niece, the bride, and Douglas Patterson gave the attendant's toast.

Among the many congratulatory messages received by the young couple and read at the reception was one from the groom's parents, who are again residing in England after spending a number of years in Penticton.

A three-tier wedding cake centred a beautifully appointed bridal table covered with a cutwork and lace cloth made by the bride's great aunt in Ireland. Graceful white tapers and gladioli complemented the table arrangement.

Serviteurs were Miss Margaret Macleod, Miss Helen Wilcox, Miss Lois Wilcox and Miss Betty Game. Mrs. Gordon Harris was in charge of the bride's book.

The newly married couple left by plane for a honeymoon to be spent in Vancouver. The bride travelled in a beige silk suit accented in brown and wore a corsage of red roses. On returning from the coast honeymoon the young couple will reside in Penticton.

Out of town guests at the wedding were Mr. and Mrs. John Sheriffs, Miss Mildred Sheriffs and Mr. and Mrs. Arthur Thorson, Spokane, Mr. and Mrs. John Tuffrey, Nanaimo; Mr. and Mrs. Gerald Wilcox, Miss Helen Wilcox and P. King, all of Vancouver, and Mr. and Mrs. Gordon Harris, of Kelowna.

Former Naramata Teacher Married In Vancouver

NARAMATA—A wedding of local interest was solemnized in the Dunbar Heights United Church, Vancouver, on August 26, when Jean Evelyn Jamieson, of Vancouver, a former member of the Naramata elementary school teaching staff, became the bride of Donald Cecil Fry, son of Mr. and Mrs. H. C. Fry, of Naramata, with the Rev. H. S. Clouston as officiating clergyman.

The daughter of Mr. and Mrs. Alex Jamieson chose to wear a gown of Chantilly lace in redingote style opening to reveal accordion pleated net. Her mother's wedding veil enhanced the bridal costume and she carried a bouquet of Tailsman roses and white mums.

Ballerina net over taffeta frocks in the shades of yellow and green respectively were worn by Miss Rosemary Eddie, junior bridesmaid for her cousin, with Miss Doreen Jamieson, the bride's sister. They carried bouquets of autumn-toned mums.

C. A. McLennan was best man for the groom. Ushers were Robert Estergard and Rev. David Stone. The bride's cousin, Bob Skelton, was violinist and Miss Barbara Walker soloist.

At the reception in the church parlor the cake was served in a silver basket given to bride's paternal grandparents on their wedding day 60 years ago.

For the honeymoon the bride changed to a grey tulleur accented by black velvet hat and white accessories. They will reside at Keremeš.

Mr. and Mrs. Bob McCarthy and children, Evelyn and Dicky, Mrs. Dora Lyons and Mrs. Adam Jones arrived home on Sunday after visiting in Victoria and Vancouver where they attended the PNE.

Keith Simpson, who has been visiting in Penticton during the summer months, returned to the coast on Sunday to resume his teaching duties at Gladstone High School, Vancouver.

A WISE SUGGESTION

The Herald commends Alderman Christian for a suggestion made at this week's council meeting.

He has asked that the Retail Merchants Association express their views on the question of relaxing the opening and closing regulations during next summer's tourist season.

Alderman Christian personally thinks that a great deal of extra money could be secured for local merchants and services by longer periods of business at the time when so many visitors are pouring through, and the Herald is in agreement.

This does not mean, of course, that such a relaxation of controls, with consequent benefit to the entire economy of the community, will easily be brought about. Many merchants, enjoying a comfortable income in such periods, are not impelled to get down and scratch, and are quite prepared to see such funds go elsewhere. It's the same sort of psychology that has put an end to the traditional Saturday night shopping here. Yet it is also a situation that can be rectified by patient persuasion, and by proof on certain experiments. Harder times will also play a part.

The time to make a decision is in the near future, not by the time another tourist season is upon us.

Despite certain remarks at this week's council session, we also think it is very much the duty and interest of that council in at least ascertaining what the merchants are thinking. Their ideas may be changing, in token of the great increase in tourist traffic to and from Penticton in just the past season or two. Every other centre where such tourist business is substantial seems to profit by giving heed to dollars that are there for the spending—so why shouldn't Penticton?

What a lot seem to find hard to realize is that Penticton has at last indeed become a tourist centre.

In such circumstances we think it's high time for a change in what otherwise is stupid if not suicidal commercial practice.

AN OLD PROBLEM

City councils come and go—but one problem never leaves the discussion table down at the city hall.

Since the municipality was incorporated, there appears never to have been a year when the local administrators were free of worry about Penticton Creek.

It was the same story, all over again, on Tuesday evening when, until a late hour, the mayor and aldermen wrestled with the question.

Unless a substantial sum of money is spent in the near future, the creek could be back about where it was five years ago when an earlier council launched a substantial project. The community will be endangered. But where is the money to come from? The city cannot do it on its own by any general revenue means, and in its present financial position does not want to contemplate a money-by-law of the size necessary to develop a final solution to its long-standing bug-bear.

There had been the hope of a grant from the government, and even an understanding on work in the lower reaches, but the new minister of public works, on a recent visit here, said that

undertakings by previous administrations would not necessarily be honored. What now?

In all this, we think the people of Penticton and their substantial properties deserve sympathetic attention, and prompt attention at that.

The local council can make out a good case for the community. Over the past twenty years over a half million dollars has been spent by Penticton to try to cope with the creek problem. Governmental aid has been negligible. And if now the council can show that the further cost is beyond its powers, then we feel that both the provincial and federal governments can be approached with justice. It's a matter of necessity, on behalf of the public interest in this urban area, that these various governmental authorities get together to see what can be done, and without delay.

We rather wish the Hon. Mr. Gagliardi, the province's new minister of public works, had seen the creek when he was here just recently, before announcing that a previous undertaking by another administration in his department might be waived. We think he might have been much more sympathetic if he could have seen the obvious attempts made to remedy the situation by the hard-pressed little treasury of the city. We think, too, that the city fathers should have seen to it that the new minister did not miss this.

Penticton's people can be in jeopardy and their own municipal government obviously can't raise the substantial funds that are necessary to offset a real hazard.

In such circumstances the council here is on good grounds in preparing a brief, and in rallying out, for about the twentieth time in as many years, to try to gain aid from government sources.

CONGRATULATIONS, JOAN

Penticton has a lot of things to be proud of these days.

But taking undisputed precedence is what Queen Joan Nagle, our Peach Festival pride, accomplished at the PNE, at Vancouver.

To be Miss PNE is a high honor, and a well-earned one in this case, as evidenced by the congratulations that have been so enthusiastically and abundantly offered to this attractive and personable girl.

The community's pleasure in the development reflects not only its approval of its current Peach Festival "royalty", but the high standard that has applied to our young queens and princesses since the inception of the festival. This has perhaps been the outstanding feature of the big summer project—the continuing quality of these emissaries of goodwill. It's all been a tribute to the good judgment and taste of those who have selected the candidates, and chaperoned and aided them afterwards, though the homes and associations that offered the material to choose from in the first place provide the most reassuring and cheering fact of all.

Miss PNE will now travel more than ever, advertising not only Penticton, but the whole province.

The rest of the countryside, it seems evident, is only too delighted to capitalize on what Penticton can produce.

Our Town

By Jack Scott

A NEW HERO

When we lived in the city we hardly ever went to the movies except when a highly recommended picture came along, but in the country it's become a kind of ritual to go every Friday night, whatever may be playing. We would doubtless go if they just ran old wall paper through the projection machine.

They have the show in a hall heated with a large oil stove and it's a pleasant experience to sit around the stove and watch the picture. Last summer a large bat got in the hall (looking for a Bela Lugosi film, some said) and attacked the screen. You don't get that kind of entertainment in the city.

Many of the shows are westerns, none of them more than 10 years old, and I am becoming something of a reluctant authority on this kind of film.

Most Friday nights we totter away from the hall with our ears ringing from the sound of yodels, eyes fogged over with a cinecolor glaze.

The cowboy is all dressed up in a silk shirt and he's singing. The western picture as you and I knew it, back in the dear dead days beyond recall, is a thing of the past.

When I see these modern cowboy pictures I wonder what the younger generation is coming to. I often say this aloud to my daughter, who loves singing cowboys. She just rolls her eyes.

Let's consider the typical western picture of today. Last Friday's, "The Cheyenne Trail", and it's more or less typical of the type.

"The Cheyenne Trail" opened with a cowboy and a cowgirl riding along on horses that have clearly been groomed by Max Factor. They're supposed to be rounding up some cattle, but these are educated cows, probably members of Actors' Equity, and the herd is following and boy and girl.

The cowboy all dressed up in a silk shirt and he's singing, accompanying himself on a guitar worth at least \$500. Every once in awhile he gives the gal the acid-indigestion look that means love.

Well, bless my soul, what a way for a western to open!

In my day if a cowboy picture didn't start with a bunch of bad guys frantically chasing a stagecoach the entire audience would've stormed the box office demanding their 10-cent admission back.

In those days the hero was always a great big tough-looking hombre like Tom Mix or Hoot Gibson and they wouldn't have no truck with no females no how.

There was always the odd woman around, of course, decently covered in crinoline and looking at Tom or Hoot with yearning, but Tom or Hoot would just doff their ten-gallon hats at them politely and did not waste their time with mushy stuff.

Remember Tom said "Howdy Ma'am" in one picture and it was considered a pretty daring love scene.

They just didn't have the time for romance. They were too busy looking for high cliffs to leap their horses from, doors to bust in with their shoulders, lanterns to shoot out (setting fire to the whole saloon) or riding off alone into the setting sun (the signal for us all to get up and race for the exits before God Save The King could be played).

The precious little of this kind of thing in the modern western. In "The Cheyenne Trail", for example, the hero is so worried about how he's making out with the girl that he hasn't much time for anything except singing.

At the drop of a Stetson he whips out a guitar, gets an agonized look and breaks into a falsetto howl, instantly accompanied by a full orchestra and chorus who have apparently crept up behind the cactus.

In the whole movie there was only one little fight and it was broken up by an elderly female. At that, she looked as if she could handle both the hero and the villain and take two out of three falls.

NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA—If Premier Bennett and his Social Crediters pull a general election before the regular sitting session of the Legislature they'll be doing so purely and simply for political purposes. They'll be hoping they'll get back with a whopping, big majority. They want a nice bunch of yes-men on the back benches; so they can use the old steam roller tactics of the Coalition in its hey-day.

Mr. Bennett was anxious enough to form a government. Indeed, he could hardly wait to get going. He moved in with a flourish of supreme confidence. He altered hospital insurance, made important appointments, reduced the amusement tax here and there, as was his right. Now it begins to appear he feels he hasn't sufficient mandate to carry on with his full program. In this regard he seems to be following in Byron Johnson's footsteps. Mr. Johnson, last session, said he hadn't a mandate to deal with hospital insurance and labor matters, yet he had a mandate to do other important things. It didn't make much sense to the people, and they caught up with the Liberals on election day.

The people of B.C. had hoped that the Bennett Government would forget political advantage, and get down to governing. The people have had quite enough political confusion, and they most certainly don't want another general election.

The Bennett Government should carry on, go before a session in the spring, and if defeat comes on the floor of the House then there can be another election. Any other way will be nothing short of a brazen manoeuvre for political gain.

There was a brief flare-up in the Premier's office the other day. An order-in-council, allowing cabinet ministers to draw \$15 a day living allowance when traveling on government business, came to light. There was a slight mix-up, and it was reported the new government had boosted the traveling allowance from \$10 to \$15 a day. Mr. Bennett called the press to explain. This was not so, he said; the boost had come in 1949, but it had not been done by order-in-council, and the new government thought it should be.

Thus, Mr. Bennett and his cabinet took the rap for something that had been going on for years.

However that may be, it occurs to many that \$15 a day living allowance is a neat little sum, that can add up to a nice little profit. In addition, of course, the government pays hotel and transportation bills. The \$15 a day is merely for meals. That's a lot of fat eating in swank hotels. In other words, it's far too much.

On the other hand, cabinet ministers are about the only people in B.C. who haven't had a pay boost for years and years. They receive \$7,500 a year—in addition to their \$3,000 a year seasonal indemnity. It's really not big pay, for cabinet ministers must give up their businesses, they're subject to much unfair criticism and abuse, they work hard.

It might be a good idea to give cabinet ministers \$10,000 a year—but cut down on the number in the cabinet. Surely this province doesn't need 11 cabinet ministers, any more than it needs 48 members of the Legislature. Eight in the cabinet would be quite sufficient, about 30 in the House. Fewer, with higher pay, would be more efficient.

And, speaking of traveling expenses, they should be cut down right and left throughout every branch of government service. They're small items in themselves, but they add up to more than \$1,000,000 a year.

TO THE PUBLIC

Here are the facts in regards to the closure of the Canadian Bakeries plant in Penticton. The employees of Canadian Bakeries are not out on strike but are subject to a forced lay-off by the Canadian Bakeries in retaliation against the strike at McGavin's in Kelowna. This Union has been attempting to negotiate an agreement since April 5th with both companies but with no success. A Conciliation Board award of \$5.50 per week for our members still left a wage spread of \$16.00 per week difference compared to the same company at the coast. Here are facts concerning the lay off at the Canadian Bakeries Limited, and the conditions a bakery worker contends with.

1. Bakery workers work nights which we feel should be compensated for.
2. Bakery workers work all Sundays of the year.
3. Bakery workers receive the day off before the public holiday and work on the holiday.
4. Bakery workers of Penticton have a difference of \$18.50 per week less in wages than at the coast company plant.
5. Bakery workers at the coast enjoy a five day 40 hr. week while the Penticton bakery workers work a 6 day 42 hour week.
6. We are working for the same company producing the same product under much different conditions favorable at the coast.

We ask the public are we unfair to ask for a decent living wage for our members in the valley. We intend to remedy the unfairness existing here in the valley at the present time. The company is fully aware that this Union is prepared to settle for Vancouver's contract and nothing more. We ask the 4X company why they closed their plant when they were given the opportunity to produce the product for the people. In closing we wish to ask the public are we unfair in asking for wage increases that compare with the coast bakeries.

POWER PAGED - LOW COST
the Row Crop Crawler
TERRATAC
GT-30
NEVER BEFORE So Many Features

Choose your gauge. The Terratrac GT-30 offers 6 interchangeable gauges—more than most wheel tractors and crawlers combined! With its low over-all height, and its high clearance, you can maneuver and operate in overhanging and narrow places easily. Or cultivate any type of row crop. Operates efficiently on hillside and in low damp places with a sure grip—yet it does not pack your soil.

Bulldoze or backfill in 2nd speed with power to spare! Get in the fields 2 or 3 weeks earlier! The exclusive power hydraulic lift, interchangeable rubber and steel track shoes, power take-off, and many operator comfort features, are additional reasons why Terratrac pays off quickly as an all-purpose farm worker. Get all the facts! You'll find the Terratrac value amazing! Write for illustrated folder today.

Women's Doubles Net Championships To Be Played Here

Top women's doubles tennis players from all over the Interior will gather in Penticton next week-end, to play for the Annesley Cup, emblematic of the women's doubles championship of the Okanagan Valley.

This is the first time since before the war that the trophy has been up for competition and approximately 12 net teams from Kamloops, Vernon, Kelowna, Okanagan Centre, Summerland, Penticton, Oliver and Osoyoos, will make the revival a highly competitive one.

The American doubles tournament will get underway on Saturday at the Skaha Lake courts and will continue through Sunday.

The snipe-billed eel, a weird fish that lives miles below the ocean's surface, has a bill like a snipe.

Miss PNE

(Continued from Page 1)

PARENTS HONORED

On the platform, shrinking from the public eye but proud of their daughter, were Mr. and Mrs. S. B. Nagle. Recognition of the fact that behind Joan's success was the background of parental guidance, was paid in the presentation of a corsage to Mrs. Nagle. Recognition was also paid to Mrs. N. G. Kincaid and Jack Petley for their tireless endeavors on behalf of the Festival Royal family of 1952.

Said Queen Val-Vedette V. Miss PNE, Miss British Columbia, in a voice choked with emotion, "It is wonderful to be back. It has been said here tonight that I have brought honor to Penticton, but it has been an honor for me to represent Penticton and I would never have achieved my goal without the backing of you all."

And the verdict of the crowd, heard repeatedly, was, "It couldn't have happened to a nicer girl." Pleasant note in the program was the solo, beautifully rendered by Mrs. Peggy Butters who won the festival talent contest in 1951.

Making the presentations on behalf of their various organizations were: Alderman Wilson Hunt, City Council; A. G. Schell, Board of Trade; Ivor Haddleton, Jaycees; Jim Halcrow, Gyro Club; R. L. Sharp, Kiwanis and Kiwaness; Edgar Dewdney, Kinsmen; A. D. C. Washington, Rotary; Alderman F. C. Christian, Tourist Council; Herb Geddes, Jack Petley, Mrs. Kincaid, Festival Association; Pat Moen, Lions; Mrs. Pat Wells and Mrs. Pat Davenport, Ladies' Auxiliary to the Peach Festival Association; Sholto Heberton, student council; Mrs. E. H. King, Redland Rebekahs; Miss Lorraine Hill, Teen Town.

Vince Duggan was master of ceremonies.

Bakery Shutdown In Second Week

As the shutdown at the Canadian Bakeries 4X plant in this city enters its second week, some housewives have turned to home baking, but indications are that there is no acute bread shortage as yet.

The local plant closed down last Wednesday night when the Bakery and Confectionery Workers' International Union of America workers at the McGavin Bakery Limited plant in Kelowna went on strike for higher wages and a shorter work week.

Eighteen of the employees of the Canadian Bakeries here are members of the Kelowna local of the union and although they voted in favor of a strike they did not take strike action and the management of the plant decided to close the plant until the issue was settled. Robert Kosolofski, of Kelowna, president of the union local, has stated that the Penticton workers are not out on strike, but are "subject to a forced layoff by the Canadian Bakeries in retaliation against the strike at McGavin's in Kelowna."

To date no action has been taken by either management or the union towards the settlement of the dispute.

WARREN ROLLS RETIRES FROM HUNT-ROLLS LTD.

In announcing that I am retiring from the garage business in Penticton and that I have disposed of my interests in the firm of Hunt-Rolls Limited to Mr. Wilson Hunt, I realize that I am leaving a host of friends and business associates of many years standing.

I am indeed grateful to these people for their support and confidence during these years of pleasant and, I hope, mutually satisfactory business relationships.

In leaving Mr. Hunt I express every sincere good wish for his continued success and hope that the same grand support will always be enjoyed by this, the oldest established Chrysler, Plymouth, Fargo dealership in the Interior.

Warren Rolls

In the first five months of this year British firms exported 4,802 cars to Canada, for a total value of nearly \$5 million.

Recent visitors with Mr. and Mrs. C. S. Burch were Mr. Burch's mother, Mrs. Maude Burch, and his brother-in-law and sister, Mr. and Mrs. J. D. Tait, and children, Gloria and Robin, all of Vancouver.

Mrs. M. P. Cuthbertson of Vancouver, who was en route to Calgary, spent the week-end with her son-in-law and daughter, Mr. and Mrs. Allan Mather. Also visiting at the Allan Mather home were Mr. and Mrs. Charles M. Sprott, and their two children, Barbara and Leslie, of Vancouver, and Dave Bushby and Mel W. Webber, both of White Horse.

The United Church Choir will hold its first practice meeting of the fall season this evening at 8 p.m. in the church with Mrs. Monica Craig Fisher as organist and conductor.

In And AROUND TOWN

Miss Flo Hembling left last week for Winfield where she has accepted a position as teacher on the staff of the elementary school.

Mr. and Mrs. J. Y. Halcrow and children, Dale and Eleanor, have returned home after spending last week in Vancouver.

Mr. and Mrs. John Burbridge and three children were holiday week-end visitors in Salmon Arm.

Mr. and Mrs. D. W. Brown and children, Donald and Billy, of Calgary, who have been visiting Mrs. Brown's sister Mrs. E. J. Anderson, returned to Alberta last week.

Mr. and Mrs. Wesley Wheeler, of Rock Creek, were visitors last week with Mr. Wheeler's sisters, Mrs. Lester Clark and Mrs. A. J. Dodd.

Mrs. P. D. O'Brien will arrive home tomorrow from Vancouver where she travelled with her daughter, Maureen, who will attend York House School for Girls.

Robert Goffin, Victor Akerman and son, Eddie, of Vancouver, spent the Labor Day week-end in Penticton.

Lester Clark and Harry Coffey were week-end visitors in Vancouver.

Mr. and Mrs. H. E. Drake and son, Robbie, former residents of Penticton now residing in Vancouver, were visitors here last week.

Mrs. Tillie Clark, of Vancouver, was a guest last week at the home of her nephew and niece, Mr. and Mrs. Gordon M. Clark.

Mr. and Mrs. Wally Mutch will accompany their son, Murray, to the coast when he leaves tomorrow for Vancouver where he will resume his studies at the Vancouver College.

Mrs. W. R. Kinsman is a visitor this week in Vancouver.

Guests last week at the Howard McLeod home were Mr. McLeod's parents, Mr. and Mrs. Marshall McLeod, of Chilliwack, and his sister, Miss Jean McLeod, of Vancouver.

Mr. and Mrs. Tim McCarthy and daughter, Sally, have returned from a ten-day holiday visit at the coast. Sally spent the holiday in Vancouver with Miss Wendy Buck while her parents visited in Victoria and Vancouver. When the Pentictonites returned home they were accompanied by Wendy, who spent the Labor Day week-end here.

W. V. (Bill) Knox, who has been spending some time at home, returned to Shaughnessy Military Hospital last week.

Labor Day week-end visitors at the home of Mr. and Mrs. F. J. Pryce were their son, Douglas Pryce, and Miss Ellen Taylor, both of Vancouver.

Mrs. C. W. Booker and Miss M. E. Wallace have returned from a two-weeks' holiday visit in Vancouver, Victoria and Seattle.

Mr. and Mrs. Ian Jamieson, of Vancouver, spent the holiday week-end with the former's parents, Mr. and Mrs. R. C. Jamieson. They were accompanied by Mrs. G. R. Pincott, who visited over the week-end at the home of Mr. and Mrs. Juan Fuddy.

Stan McMillan, of Vancouver, is a guest at the Inocla Hotel.

Mrs. Phyllis Stobie and daughter, Catherine, have returned home after spending two weeks at a church camp at Ocean Park, Washington.

Rev. and Mrs. Ernest Rands, and children, Paul and Carol, arrived home on Sunday after spending the past month on a holiday visit to Pender Island.

Mrs. W. I. Betts and Mrs. C. I. Chapman arrived home on Tuesday from a short visit in Vancouver.

Miss Marie Kluck left last week for Vancouver where she will become a nurse-in-training at St. Paul's Hospital.

Miss Jean Sutherland, R.N., travelled to Moose Jaw, Saskatchewan, to join her sister, Miss Elizabeth Sutherland, who was returning home after spending the past year as an exchange teacher in Scotland. The Misses Sutherland arrived in Penticton on Saturday.

Mrs. W. R. King, of Vancouver, accompanied her son and daughter-in-law, Mr. and Mrs. Grant B. King, and sons, Douglas and Brent, when they returned home last week following a visit at the coast.

Mr. and Mrs. William Ruxton, of Winnipeg, who have been visiting at the home of their son-in-law and daughter, Mr. and Mrs. George E. Lang, returned home last week.

Ted Macdonald, of Vancouver, spent the week-end with his parents, Mr. and Mrs. A. E. Macdonald, prior to returning to the coast where he will enter medical school at UBC.

Mr. and Mrs. Cec Latta, of New Westminster, are visiting in Penticton for the current week.

Mr. and Mrs. H. M. Schull, and sons, Douglas and Bob, have returned home after spending a two-weeks' holiday with Mrs. Schull's parents, Dr. and Mrs. S. J. Dornan, of Alameda, Saskatchewan.

Mrs. A. G. Pearson left on Thursday for Alert Bay where she has accepted the teaching staff of the Indian Residential School.

Miss Irene Finch has returned to Penticton after spending the past several weeks visiting her sister in New Brunswick.

Mrs. Miriam Cushing of Portland, Oregon, is a guest at the home of her brother and sister-in-law, Mr. and Mrs. H. M. Schull.

Among the several members of the Skaha Lake Tennis Club in Vernon over the week-end for the Okanagan Valley Tennis championship games were Mr. and Mrs. E. C. R. Cardinal, Mr. and Mrs. Ken Campbell, Mrs. Perry Darling, Miss Sheila Hicks, Miss Mickey Bell and George Fudge.

Mr. and Mrs. S. S. Vernon and children, of Vancouver, were week-end visitors in Penticton.

Miss Eleanor Anthony, of Vancouver, is holidaying at the home of her parents, Mr. and Mrs. Mark Anthony.

Visitors during the past week with Mr. and Mrs. George E. Lang were the latter's brother, Jack Ruxton, and Miss Leona McCafferty, both of Winnipeg; Dr. and Mrs. A. H. Ohrt and Miss Joyce Ohrt, R.N., all of Seattle.

Mrs. Jacqueline Howe and children, Susan and Jamie, have returned from a holiday visit on Vancouver Island.

Miss Maxine MacKay arrived home on Sunday after spending a week's holiday in New Westminster.

Mr. and Mrs. Swen Norgren were visitors in Trail last week.

Week-end guests in Penticton were Mr. and Mrs. Courtenay Collins and baby daughter and Mrs. R. Collins, all of Vancouver.

Arriving on Monday, to visit for a short time with Dr. and Mrs. Duncan F. Carswell, Bransford, Skaha Lake, were Mr. and Mrs. Bartlett Drake, of Bellingham, Washington, Mrs. John Campbell and Miss Edna Ames, both of Los Angeles.

Mrs. Rupert Johnson and children, Malcolm, Darrel and Mildred arrived home on Monday from a holiday visit in Calgary, Edmonton and Hardisty, Alberta. Mrs. Johnson and family travelled to Alberta with her sister, Mrs. Helen Morrison and children, Beverly and Bryan, of Hardisty, who had visited here during the summer.

Week-end guests with Dr. and Mrs. Duncan F. Carswell, Bransford, Skaha Lake, were Mr. and Mrs. Paul Vartow, of Seattle.

Mrs. S. G. Petley will arrive this afternoon from Calgary to attend the forthcoming wedding of her grandson, George Petley and Miss Dorothy Raptis. While in Penticton Mrs. Petley will visit with her son and daughter-in-law, Mr. and Mrs. Jack Petley, and daughter, Mrs. Rose Allendor.

Miss Doris Cartmell, Miss Sharel Reade, Frank A. Brown and Weldon Reade, Jr., all of Vancouver, spent ten days in Penticton as guests of Vance Hull.

Visiting with Mr. and Mrs. M. A. McCarthy last week were their nephew and niece, Mr. and Mrs. Wally Baillie, and son, Wayne. Week-end visitors with Mr. and Mrs. McCarthy were the latter's brother-in-law and sister, Mr. and Mrs. J. M. McBeth, of Kelowna. Currently visiting with Mr. and Mrs. McCarthy is the latter's sister, Mrs. Emma Newell, of Vancouver.

CANADIAN BAKERIES ACCEPT CONCILIATION BOARD WAGE RECOMMENDATION

But...

Canadian Bakeries' Penticton plant is closed.

The situation is brought about by the refusal of the Bakery and Confectionery Workers International Union of America Local 355 to accept the wage offer drafted by the Labour Relations Conciliation Board.

Canadian Bakeries in agreeing with the wage ruling of the Board, but unable to continue operations under the circumstances, sincerely regrets any inconvenience to customers due to the shut-down.

CANADIAN BAKERIES LIMITED

What's Wrong With them

Darned if we know — they're clean, smart, good value, but we just couldn't sell them. Anyway they're still here, soft interlock T-shirts with collars and combed jersey sport-shirts and now going for 1.98 and 3.33. They'd make an ideal back to school shirt. So pop in and see 'em eh?

P.S.—My wife gets her refrigerator. All our thanks.

Prime Minister

(Continued from Page 1)

and he expressed gratification at the fact that "this community, based primarily on agriculture, had more than doubled its population in a decade. Continued prosperity in Canada depends first upon continued peace and second upon the development of agriculture to keep pace with our industrial development," Mr. St. Laurent declared.

MUST BE STRONG

That Canada must continue to build up her strength in conjunction with other nations linked by the Atlantic pact was repeatedly stressed by the speaker, "we must have peace. The last few years have been anxious and tense but it has been gratifying to me that the people have been prepared to make sacrifices in order to make it inadvisable for any aggressor to move against us," the Prime Minister said.

A bright future lay ahead for Canada if peace prevailed Mr. St. Laurent indicated and, waving his hand at the youngsters seated in front of the bandstand, he predicted that Canada would have a population of 35 millions well within their lifetime. "Those 35 millions will have to be fed and that is why it is so necessary that agriculture must develop along with industry and why it is so gratifying to see that this community, one of the fastest growing in Canada, is based primarily on agriculture."

Concluded the Prime Minister, "we must build up our strength against possible aggression and if we do that and secure peace I predict for these youngsters here and elsewhere in Canada a very happy life in a very happy land."

His Honor Judge M. M. Colquhoun introduced the speaker to the large crowd at Groy Park, following an address of welcome by Mayor Rathbun who said:

"There have been many occasions in the past, and particularly in the last few years, when the people of Penticton have gathered to pay tribute to an outstanding Canadian."

"We welcome these opportunities, and we particularly welcome the opportunity afforded us this afternoon to meet our Prime Minister,

the Right Hon. Louis St. Laurent. Mr. St. Laurent is not only our Prime Minister, but he is an outstanding Canadian citizen, and he brings to that high office a full measure of culture and ability. Canada is fortunate to have such a man to preside over its Parliament."

On behalf of all of our citizens in Penticton, and the surrounding area it is my privilege to extend to you, Sir, a sincere and warm welcome to our community."

"May we hope that in the not too distant future you will again visit us."

O. L. Jones (CCF) M.P. for Yale, lauded the Prime Minister, declaring that "we are fortunate to have this great gentleman as our Prime Minister."

Mr. Jones told the audience that Mr. St. Laurent and Mr. Mayhew had always been considerate and sympathetic when approached on behalf of the valley had gone out of their way to help.

A. R. Garrish extended the welcome on behalf of the BCFGA at the luncheon at which Mayor W. A. Rathbun presided. Head tables guests were the Prime Minister and the Rt. Hon. R. W. Mayhew, O. L. Jones, M.P.; H. D. Francis, M.L.A.; Judge and Mrs. M. M. Colquhoun; Mrs. W. A. Rathbun, H. W. McInnes, Q.C. and Mrs. McInnes; Alderman and Mrs. Wilson Hunt; Alderman and Mrs. J. G. Harris, Alderman and Mrs. C. Phipps, Alderman and Mrs. F. C. Christian, Alderman and Mrs. A. Titchmarsh, A. R. Garrish, BCFGA; A. G. Schell, board of trade, and Mrs. Schell; Dr. T. F. Parnley, school board, and Mrs. Parnley; J. T. Young, hospital board, and Mrs. Young; Tommy Walker, Jaycees, and Mrs. Walker; Paul Walker, city engineer, and Mrs. Walker, H. G. Andrew, city clerk, and Mrs. Andrew and Clare Way, parks board.

The visitors left for Summerland and Kelowna shortly after 2 p.m. the Prime Minister being driven by Miss Marilyn McInnes.

At Summerland the visitors were given a cordial welcome and the Prime Minister spoke briefly to a crowd of more than 600 people. A gift of fruit from local orchards was made on behalf of B.C. Tree Fruits Ltd.

Local Air Cadet Squadron Resumes Training; More Instructors Needed

The first Air Cadet parade of the 1952-53 training year was held in the Armory on Tuesday, the main purpose being the re-documentation of cadets. All cadets are reminded that the next parade will be held in the Armory next Tuesday, September 9, at 10:00 hours, and on subsequent Tuesdays.

An interesting syllabus of lectures and practical work has been drawn up and it is expected that this year full use will be made of the practical aero-engine, signals and Link facilities in the Squadron Training Wing in the basement of the elementary school.

In order to fully complete the syllabus more instructors are needed, especially in the subjects of navigation and meteorology, but says the commanding officer, if there are any ex RCAF personnel, or others that feel that they would like to be of assistance, their help in any capacity would be very much appreciated.

Cadet training is open to any young man between the ages of 14 and 18 as at September 1, 1952. The opportunities offered through being an Air Cadet are many and varied. Last training year the Squadron sent six cadets to summer camp for two weeks and one NCO was sent on an RCAF flying training course. On last year's inspection a number of cadets were flown back to the coast by the inspecting officer. There are also annual scholarships awarded to outstanding cadets for the Royal Services Colleges and also an Aeronautical Engineering Scholarship.

All young men interested in joining No. 259 Squadron Royal Canadian Air Cadets, and any adults who feel that they would like to be of assistance are invited to attend the Armory any Tuesday evening or contact the squadron commanding officer, F/L A. F. Day at 992X.

City Officials Make Trip To Study Pipe Repairing Equipment

Paul Walker, city engineer, and Bob Dennis, irrigation foreman, made a trip to Abbotsford this week to study pressure grouting equipment being used on a project there. It is their intention to rent such equipment, and to use it in repairing the outlet pipe at the Penticton No. 1 dam.

The plan, as explained to council Tuesday night, will be to put an 18-inch corrugated steel pipe into the present outlet, and fill in the interstices with cement under pressure. The engineer said the life of the pipe could be estimated at least at 25 years, perhaps more.

The Water Rights Branch, it was further explained, has consented to an 18-inch outlet.

This would not be materially less than now, as the condition of the present outlet restricts usage to 18 inches. By making the trip to study usage of the special equipment, it will not be necessary to bring in a specialist, at considerably greater cost, the council decided in authorizing the Abbotsford trip.

Local Boy Wins Swimming Awards At Coast Meets

A young Penticton boy, 12-year-old Gary Rainbow, returned this week from his summer vacation at White Rock, Indend down with swimming and diving trophies won at coast aquatic meets.

Gary, who is the son of Mrs. E. Rainbow of this city, was spending the summer months with his grandmother at White Rock and had himself a field day at the White Rock Amateur Swimming Association annual swim gala.

He's mighty proud of his three trophies—won in the under 13 50 yard freestyle, the under 15 quarter mile and the under 13 diving. He also copped a first place ribbon in the 75 yard under 13 boys medley.

Not content with honors won at White Rock, the young aquatic star entered the International Beach Swim Meet at Crescent and crowned his outstanding achievements with a second place in the under 13 years 75 yards freestyle race.

Funeral Rites Here For Ernest Fairless

Funeral services will be held tomorrow from the Penticton Funeral Chapel for Ernest Elfred Fairless, 58, a former resident of this city, who passed away suddenly in Vancouver on Saturday.

Born in Sunderland, England, in 1893, Mr. Fairless came to Canada 41 years ago and had been a resident of B.C. for 30 years. He was a veteran of World War I and was employed as a fitter in the West Coast Shipyards at the time of his death.

Surviving are his wife, Ethel; two daughters, Mrs. Robert Piddies, West Vancouver and Mrs. J. Rose, North Vancouver; and one brother, J. P. Fairless, of Medicine Hat.

Services will be conducted by Rev. A. R. Eagles and interment will be in the Field of Honor plot, Lakeview Cemetery.

Funeral Services Today For City's First Polio Victim

Penticton's first polio death this year, 14-year-old Maumane Lang (Roath), died Sunday while en route to Vancouver for treatment.

Born in Penticton in 1938, the girl is the daughter of Mr. and Mrs. Elmer Roath. Also surviving are two sisters, Bernadine and Jean-nine.

Funeral services will be held this afternoon from the Bethel Tabernacle with Rev. Carmen W. Lynn officiating.

Funeral services will be held at Ken Roath, Phillip Hatfield, Clarence Gordon, Ken Doyle and Walter Cousins. Interment will be in Lakeview cemetery.

A WEEKLY INFORMATION SERVICE

MONTREAL—After the ball is over ... do your feet hurt so much you say you'll never dance again? Then here's good news. Phenylum is a new wonder-working ingredient in BLUE-JAY Corn Plasters and Callus Plasters. And, believe me, it does work wonders to give relief from corns and calluses. It took ten years of scientific research by Blue-Jay to develop Phenylum. And now they've perfected it to the point where it works faster and the cases tested can vouch for its effectiveness, too. No more worries about corns or calluses—I just rely on Blue-Jay with Phenylum to keep my feet forever happy.

I Think Grape Jelly is one of the best-tasting jellies there is. So do the family! But you know, it's only the home-made kind made with those glorious, rich-purple grapes and CERTO FRUIT PECTIN, that they really beg for! Of course, made with Certo, jams and jellies always turn out perfectly. Yes, every time if you follow the recipes exactly. Beautifully set—full of the true fruit flavor ... a richer flavor, because unlike the old-days, with Certo you can "jell" fully-ripe fruits. And, I find I get up to 50% more jam or jelly from the same amount of fruit, while saving myself 2/3 of the time of the former long-boil method. All I do is follow the simple recipes in the booklet, under the label of each bottle of Certo.

Nobody Likes To Be Called "Old Grumpy". So when a sluggish, head-achy feeling has you acting like a "grumpy", better do something about it. Quickest way I know to trade in those "Blues" for lots of sunshine is to drink a glass of SAL HEPATICA. Yes, a sparkling glass of Sal Hepatica effervescent salts taken before breakfast will work quickly, yet gently, to relieve that uncomfortable feeling in your stomach. Sal Hepatica laxative salts are a trusted family laxative in our house. They work wonders to sweeten sour stomach—as a mild laxative—or as a more thorough remedy for constipation. For there's always a supply of Sal Hepatica in my medicine cabinet. For what's more important than feeling good about being alive?

Like Every Woman, I Like To Be actually in the store, trying on the new fall clothes—on the outside looking wishfully in. And, this year, thanks to *Personal Planning*, I can afford some lovely new things! Yes, the where-withal for my new autumn outfit is in my *Savings Account* at the BANK OF MONTREAL. And my savings are mounting all the time! Yet my income's the same—the secret, you see, is that *Personal Planning* helps me to set aside a definite amount for clothing every month—in such a painless way! Of course, I've been a *Personal Planner* for quite some time. At the beginning it takes a bit of working at—but finally it becomes a happy part of one's life. It's so good to know that you've really saved up the money you need for pretty new clothes, as well as for more important things, too! Want to try it? The booklet called "*Personal Planning*" is yours for the asking at your nearest B of M branch.

PROGRESS

-and how!

IN PENTICTON

With the tremendous growth and development of the Okanagan Valley — expansion of telephone service has been the keynote of your Telephone Company's operations. Since 1945, over \$2,000,000 has been spent to bring the benefits of modern, low-cost telephone service to more people in the Valley.

Today, there are fifteen exchanges of which nine have already been converted to the automatic system. At the end of June of this year, there were 15,455 telephones in service — more than double the number in operation at the end of the war. Of these — 8,260 are dial telephones, and this figure will be increased to over 10,000 this year!

To make this possible, your telephone Company has undertaken and nearly completed a major program of new buildings and equipment in Vernon, Penticton, and Kelowna. The Kelowna exchange was completely changed to automatic operation on April 12, 1952.

This expansion program has provided work and wages for many people outside the telephone business — while the increase in telephone employees has added over \$300,000 to a payroll that now approaches half a million dollars and is almost entirely spent in the Okanagan.

The Okanagan Telephone Company — with connections to the B.C. Telephone Company, and through it, with the Trans-Canada Telephone System is now handling over 75,000 calls a day, and can supply subscribers with service to all points in Canada and foreign countries reached by the Bell system.

ON SEPTEMBER 13 ... The new automatic exchange and toll switch-board for Penticton district will cut 3700 automatic telephones into service for new and former subscribers.

Mrs. A. A. Stapleton, of Vancouver is holidaying at the home of her son-in-law and daughter, Mr. and Mrs. Ken Hickson, Trout Creek.

Arena PA

(Continued from Page 1)

advised of the unsatisfactory operation of the sound system, and upon request had been given ample time and extensions to experiment with various types of equipment, and to date had not produced a satisfactory installation as far as the parks board and public opinion were concerned. He further advised that the board was now requesting that the council take necessary steps to

have the sound system removed and make way for calling for further tenders on a satisfactory system. In Mr. Way's opinion one way to tackle the problem was to engage a consulting sound engineer who would lay down definite specifications for the arena. He advised that after discussing costs of installation with reputable firms as well as other arenas, quotations are in the neighborhood of \$4000 to \$5000. He requested on behalf of the parks board that the council determine the legal status of removal and secondly, requested that council appropriate the additional funds

beyond the \$3000 already in 1952 estimates for the final contract, whatever it may be.

Alderman Titchmarsh advised the meeting that the original arena contract included \$2500 for the installation of sound equipment. He stated that prior to the letting of the contract the firm of Taylor and Pearson gave the city the benefit of its technical advice, and its representative, recommended most strongly the low level system for the arena, and it was on this recommendation that the council chose the low level installation.

Visitors during the week-end with Mr. and Mrs. J. Albert Rodell were Mrs. C. K. Gill, of Cranbrook, and Mr. and Mrs. G. A. McKinnon and four small children, of Trail.

Recent visitors with Mrs. Ina Halcrow were her son and daughter-in-law, Equadron Leader and Mrs. David Halcrow and two children, of Trenton, Ontario, who were enroute to Comox where Squadron Leader Halcrow has been posted. Also visiting Mrs. Halcrow was her son, Alex, from Calgary, and her daughter, Miss Joan Halcrow, of Vancouver.

MERCHANTS TO BE QUIZZED ON OPENING HOURS

On Alderman F. C. Christian's urging, city council on Tuesday evening adopted a resolution inviting the Retail Merchants Association to offer its views on the question of relaxing opening and closing hours during the tourist season of 1953. "We're not seeking to tell them what to do," explained Alderman Christian. "But we'd like to know what they think."

He gave it as his own personal view that if store closing hours were relaxed, during the summer months, the increase in business would be substantial.

"And let's not wait until it's too late next year. Let's find out their views now. And if those views have changed somewhat, we can act in time next season and bring more money into this city."

He gave instances of other areas in Canada and the United States where tourist traffic is considerable, and pointed out that in all such places merchants carried on their business into extra hours.

Only a relatively short time ago there had been a great deal of argument and anxiety about hours for the sale of gas, he continued. "But what did result has proven satisfactory, and profitable, for individuals and for the entire community."

Mayor Rathbun pointed out that two members of the council who have close association with the merchants, Aldermen Hadfield and Hunt, were not present at the meeting.

"I'd like to have them here to hear their views when we discuss this," said His Worship.

"We're not taking any action," Alderman Christian pointed out. "It's just information we're seeking as a council. Let's see what the merchants reply. I think council should be interested in the viewpoint expressed."

"I think you'll be stirring up a lot of trouble," Mayor Rathbun remarked.

"As an alderman, I'm not telling them to change hours. But as an alderman I want to know how they look at things now," continued Alderman Christian.

When a vote was called for, his resolution was supported unanimously.

Mrs. F. Mathews has returned to holiday at the home of Mr. and Vancouver after spending a short Mrs. K. Hickson, Trout Creek.

CITY OF PENTICTON TENDER

Sealed Tenders addressed to the undersigned will be received until 7:30 p.m. on Monday, September 22nd, for the construction of approximately 5 miles of 15 inch and smaller sanitary sewers, together with house connections and appurtenances.

Plans and specifications will be available from the City Engineer on deposit of \$25.00 which is refundable upon return of same in good condition within 30 days of tender.

All tenders must be submitted on the forms provided in sealed envelopes marked "Tender for Sewer" and accompanied by a Tender Deposit being a certified cheque payable to the Corporation of the City of Penticton in the amount of not less than 5% of the price tendered.

The lowest or any Tender not necessarily accepted.

H. G. ANDREW,

City Clerk.

Dated at Penticton this 3rd day of September, 1952.

TENDERS

For Construction of Greenwood Elementary-High School. Sealed tenders marked "Tender for construction of Greenwood Elementary-High School" accompanied by a certified cheque for 10% (ten percent) of the contract price, will be received by the undersigned up to four o'clock, P.M., Pacific Daylight Saving Time, September 24th, 1952.

Plans and specifications may be obtained from the School Board Office, Greenwood, or from the office of J. L. Davies, Architect, 923 Denman Street, Vancouver. A deposit of \$25.00 is required for each set of plans and specifications. This deposit to be forfeited if plans and specifications are not returned intact and in good condition. The lowest or any tender not necessarily accepted.

What do millions
of people own that...

1 helps break traffic bottlenecks?
Life insurance — because a large part of the money that people put aside in life insurance is invested in ways that help provide new roads and bridges... as well as new homes, stores, waterworks, power plants, other aids to better living.

2 aids science's battle against disease?
Life insurance — through several important medical research projects which are supported wholly or in part by funds contributed by life insurance companies. As a result, chances of living longer, healthier lives are being increased for all Canadians.

3 helps keep Canada strong?
Again — life insurance! The money set aside by millions of policyholders plays an important part in financing Canada's industrial economy. And this, in turn, strengthens the nation's defence program.

4 sends boys and girls to college?
This is another important job that life insurance does — while also providing money for family emergencies. Some other important uses: retirement income, mortgage repayment, business insurance.

A trained life underwriter — representing one of the more than 50 Canadian, British and United States life insurance companies in Canada — will gladly help you plan for your family's security and your own needs in later years. Rely on him!

It's an Ill Wind...

Experiments Show 2, 4, 5, T.P. Spray Is Highly Effective

By D. V. FISHER, Summerland Experimental Station

Loss of apples from autumn winds has always presented a serious menace to Interior McIntosh and Delicious apple growers. For a number of years orchardists have reduced the premature dropping of apples by use of various hormone preparations containing naphthalene acetic acid, naphthalene acetamide or salts of these materials.

These have been marketed under such names as Parmanol, Fruit Fix, Apple Set, Fruitone, etc. Such sprays have proven moderately effective in preventing losses from drop. They become effective within 48 hours of time of application, but last only nine days to two weeks. Their purpose is only to hold apples on the tree until normal date of maturity. However, some growers have used these chemicals to hold fruit on the trees beyond optimum date of maturity with the result that such fruit has subsequently shown shorter storage life and quicker onset of breakdown.

In the last two years a new hormone material, 2,4,5 TP, has been placed on the market for preventing apple drop. Experiments conducted in Washington, Oregon and at the Summerland Experimental Station have shown this material to be highly effective in preventing windfalls in McIntosh,

Building Permits For First Eight Months Of 1952 Valued At \$391,014

As at the end of August, Penticton's 1952 building figures were quite substantial, at \$391,014. But the cumulative total for the year to that date does not equal a third of the comparative figure in 1951.

At the end of August last year the local building inspector reported a total of permits of \$1,247,868. The month of August itself showed a total of \$80,675 in permits this year, as compared with \$127,500 last year.

This year's August figures involved \$24,025 for private dwelling work and \$56,650 on business and industrial premises.

The next meeting of the Okanagan Municipal Association will be held in Enderby on September 11. It was disclosed at Monday night's meeting of the council here.

Delicious and Winesaps. The material takes about a week to become effective, but prevents drop on sprayed trees for three to six weeks following application. No adverse effects on rate of ripening or keeping life of sprayed apples have been detected where the spray was applied at the proper time and fruit picked at ideal maturity.

Growers intending to use this material are advised to spray McIntosh and Delicious not earlier than two weeks before intended date of picking since there is some evidence that early spraying may lead to accelerated ripening. A dilute spray of 15 parts per million of water at 900 gallons per acre is recommended. Limited tests indicate the material may be applied with a concentrate sprayer at 10 times concentration although control was not so good as with a dilute sprayer. Contrary to advertised claims, this hormone appears relatively ineffective in promoting red color development in apples. Growers wishing further information are advised to consult district representatives of the B.C. Department of Agriculture or the Summerland Experimental Station.

Warm Welcome For Flying Langley Fall Fair Visitors

Mayor W. A. Rathbun headed a large delegation which extended a warm official welcome when a small aircraft from Langley landed at the local airport yesterday shortly after noon.

The plane, which was piloted by Art Sellers, is on a "race against time", in conjunction with the Langley Diamond Jubilee Fall Fair.

Tickets have been sold by the Langley agricultural group throughout the province allowing the holder or a guest at the actual flying time of the plane on its flight from Langley through the Fraser Canyon and back through the Okanagan Valley.

On reaching Penticton the plane had been in the air eight hours, eleven minutes and 40 and one tenth seconds. It had made stops at Chilliwack, Boston Bar, Dog Creek, Prince George, Quesnel, Williams Lake, Kamloops, and Vernon. These stops are not computed in the actual flying time.

Before returning to Langley the plane will visit Hope and Princeton. Accompanying Mr. Sellers on the flying tour are Mrs. Sellers and Langley Agricultural Association president R. H. "Bob" Shewan, who is keeping accurate log of the flying time.

The welcoming ceremony at the local airport included the presentation of a box of peaches to the flying visitors by Frank McDonald, on behalf of the City.

The Langley goodwill ambassadors reciprocated with a gift of two packs of frozen frying chicken, a Langley product.

Included in the local welcoming party were, in addition to Mayor Rathbun and Mr. McDonald, Herb M. Geddes, Jack Pettley, Bill Hack, Harold Barrett, and J. N. Kennedy, representing various civic organizations and the local agricultural association.

Further Study Of Regulation Of Fruit Stands

Council continued to give its attention to the question of regulating fruit sales stands within its boundaries, at its Tuesday evening meeting, but reached no definite conclusions.

The matter had been brought up at earlier meetings, and was reviewed again this week when suggested amendments to city regulations were proposed.

It was Alderman Titchmarsh who emphasized that he thought the best system of regulating would be by special permits, rather than trying to cover the matter in a general way by by-law amendment.

The suggested amendment provided that the stands must be on skids so they could be moved to the back of a property when the selling period is over and, among other things, be operated by a producer of his own property selling his own fruit.

Alderman Titchmarsh asked if it would be all right if he took fruit from his orchard and sold it on some other lot he owned apart from the orchard.

This was not the intention, Alderman Phipps answered, as head of the committee that has been studying this.

It was then that Alderman Titchmarsh said he doubted if a by-law amendment could really cover the question adequately.

"We don't want these stands being eye-sores in some localities and yet we don't want to unduly restrict the stands either."

He said the suggested change in the by-law left "many loopholes — and I don't like it."

Alderman Phipps remarked that it might be wise to restrict the permission to Main street, from Ellis creek south.

The matter was left in abeyance for further study and report.

CARMI ROAD GRADING

The school board has written to the council, urging that Carmi road be graded into better condition for the use of the school bus. This request was referred to the board of works by the council. At the meeting when the matter was brought up it was explained by the city engineer, Paul Walker, that as soon as there is rain the road can be graded. To do so earlier, he stressed, would be futile.

IF IT'S *new*... IF IT'S *nice*... IT'S AT NEVE-NEWTON'S

6 GOOD REASONS
Why you and your friends enjoy
shopping at Neve-Newton's

1 PRESCRIPTIONS

People of Penticton and district have entrusted to our care over 200,000 new prescriptions! A record of which we are justly proud! When sickness strikes in your home, you can rest assured that Neve-Newton's will have the drugs prescribed by your doctor to bring you back to health. Three graduate Pharmacists to serve you at all times... these men have earned their qualifications through years of study and practice.

2 COSMETIC BAR

Where your favorite beauty aids are found exclusively! Our girls have attended the finest of cosmetic schools... trained consultants of leading cosmetic firms are constantly calling on us, keeping the staff well posted on the latest developments and new methods and treatments for the skin. If you have a complexion problem, if you are in doubt about the cosmetics best for you, consult our friendly staff.

3 HAIR PREPARATIONS

A most important consulting service plus the finest of preparations for the care and treatment of your hair included in the complete stock at Neve-Newton's... the specialists from both Ogilvie Sisters and Brock have given our staff a complete schooling in the latest treatments for the hair... soft, lustrous hair can be yours by following the simple directions recommended by these famous firms.

4 DRUG SUNDRIES

When you set out for the Neve-Newton Pharmacy for those many, hundreds of staple items that you expect to find in most progressive drug stores, it is our aim that you will not be disappointed! Extreme care is taken to keep stocks complete, fresh, and of the highest quality. Brushes, combs, sun glasses, stationery, wallets, chocolate, magazines, and a multitude of other items too numerous to mention... all priced to save you money.

5 SURGICAL APPLIANCES

These are commodities that should be fitted, rather than simply sold over the counter. We feel that this is a highly specialized department... our Mr. Frank Higgins is a graduate of the Ohio Truss Company of Cincinnati, Ohio, and is considered an able and competent surgical appliance technician. We carry a full stock of such appliances as Trusses, Belts, Garter Stockings, etc.

6 Hearing Aids & Batteries

Few folks realize that your friendly drug store is headquarters for Hearing Aids and accessories! A full stock of batteries of all sizes for all machines is available at all times and here is where the famous "ZENITH" Hearing Aids are sold! Zenith is outstanding for a life-like tone and the increased high frequency response brings improved intelligibility. For Hearing troubles see Neve-Newton's.

CRANNA'S JEWELLERS

Three Injured In Dirt Track Smashups Here

Those who like their sports fare with plenty of speed, noise and spine-tingling thrills—with an added dash of spectacular spills—got more than their money's worth at the Queen's park track on Monday afternoon when some of the best motorcycle racers in the west provided several hours of breathtaking entertainment.

Close to 500 holidaymakers watched as B.C.'s dirt track speed kings pulled out all stops in the provincial championships here. A total of 23 entries from motorcycle clubs in Vancouver, Victoria, Spokane, New Westminster and Bellingham burned up the track in the meet's four events.

The crowd got its thrills by the barrel-rolling as the daring speedsters skidded and slid around the track at break neck speed, but several of the contestants missed death by a hairsbreadth and three of the boys ended up in the hospital following two spectacular crashes.

Disaster struck in the meet's feature race—the senior five mile—when one of the leaders came off his machine and the two riders behind him piled up trying to avoid a smashup.

STILL IN HOSPITAL

The two courageous drivers, Frank Mantle, of the New Westminster Royal City Rockets, and Dick Tilton, from the Greater Vancouver Motorcycle Club, came off their machines when they swerved going at top speed to avoid the fallen rider.

Both men are still in the hospital—Mantle suffering from painful facial injuries and Tilton from a fractured wrist and a possible leg fracture.

Earlier in the meet, Philo Hulise, from the Spokane Jack Pine Motorcycle Club, provided more drama when he was thrown from his machine coming out of a curve.

Hulise was discharged from hospital following treatment for pulled ribs. Star of the thrill-packed championships was reigning B.C. dirt track champion Trevor Deeley who retained his crown by speeding across the finish line in front of the field in both the senior three mile and the senior five mile events. When it comes to burning up dirt tracks, Deeley has been up there with the best of them for a good many years and has competed with considerable success in dirt track events all over the continent.

Roy Chester, of Victoria, captured the junior three mile event, but the junior five mile winner was in doubt until the final second with Vancouver's Carl Plashnic and North Vancouver's Ivan O'Connor roaring across the finish line neck and neck.

STILL IN DOUBT

The judges awarded the race to Plashnic—a tie's worth—but officials hope the camera version of the photo finish will bear out their decision—it was that close.

There were no local riders entered in the meet as the Peach City Motorcycle Club members confine their activities to road racing. Their big day will come at Abbotsford on September 21 when the Burrill Championships will be run off.

Pentiction colors will be carried by Eric Reed and Harry Killick and possibly several other local speedsters in this meet.

Oliver Junior Elks Edge Kelowna To Square Semi-Final Playoffs

OLIVER—Coming from behind in the late innings, the Oliver Junior Elks squared their series with the Kelowna Red Sox at a close 6-4 win over the visitors. The winner of this playoff will play the winner of the Summerland-Pentiction series for the Junior Okanagan title.

For five innings the Oliver Juniors played fine ball to build up a 2-0 lead over Kelowna with Martino pitching good ball and his team backing him up well.

Then in the top of the sixth, with one out, Martino walked two Kelowna batters and both advanced on a passed ball. Coulen of Kelowna then drove a triple over the head of the Oliver centre-fielder, who was playing him, too, shallow. This tied the score and then Coulen scored on the next play, to put the Orchard City team one up. Kelowna took an apparently safe lead in the seventh with another score. However, four miscues in rapid succession by the Kelowna infield in the bottom of the same inning and a triple to the left-field flag by Lode gave the home team four big runs and the game.

Farmer came in to relieve Martino in the eighth and retired the last four batters in order. Duggan was charged with the loss. Martino struck out 13 Kelowna batters, while Duggan whiffed 10.

THREAT TO FISHING WATERS
“At this season, the biggest threat to fishing waters comes from forest fires. Burning the woods that guard rivers and lakes, floods, the waters with alkali poisons, destroys the food supply of game fish. Keep tree-life flourishing for the sake of your favorite outdoor sport.”

KAMLOOPS—John Henderson of Kamloops was the main senior winner in the Interior archery tournament, hosted by the Kamloops Sagebrush Archers.

Pentiction Herald Sports

Edwards Hurls Shutout As A's Take Top Money In Labor Day Tourney

Vancouver Canucks Will Open Puck Season Here With Tacoma

Coley Hall's Vancouver Canucks will raise the curtain on the 1952-53 puck season at the Memorial arena here on September 30, and both of whom are New York Ranger property.

The general owner of the Canucks and his latest manager, Art Chapman, were in town last Friday looking over the arena facilities and ironing out details with arena manager Fred Madden and parks board members prior to opening the Canucks training camp here on September 25.

Both men expressed complete satisfaction with the facilities offered by the arena and plan to arrive here with approximately 25 players, most of whom Chapman will pick up at the New York Ranger Camp in Winnipeg and Eddie Shore's tryout camp at Lindsay.

Among those trying out for a berth with the 1952 edition of the Canucks will be the Pentiction's Ivan McCall and Kev Conway, both of whom are New York Ranger property.

Hall stated that two games have been arranged for the arena here with the Canucks playing the Tacoma Rockets on September 30 and the Seattle Ironmen on October 3. He is also considering arranging a game with the New Westminster Royals who are holding their training camp in Kelowna.

“You won't have a last place club training here,” Hall promised and added with a twinkle in his eye that he hoped that Mr. Chapman's stay with the Canucks would be longer and more pleasant than that of his last coach, fiery Murph Chamberlain.

When the talk got around to players, both Hall and Chapman expressed the hope that the V's would have a good season and said there was a good chance of the local puck officials picking up some promising hockey talent from among those amateurs who attend the Canucks' camp here, but are not signed. Any professionals who are cut loose would have to be reinstated as amateurs before they could line up with the V's.

When it was mentioned that Bill Warwick would probably be on the Pentiction Club, Chapman stated that he would be a valuable acquisition. “He's a good hockey player,” he said.

City Rexalls Fail In Bid For Junior Girls' Ball Crown

Pentiction's hopes of capturing the provincial junior girls softball crown were shattered on Sunday when the smooth Vancouver Collingwood aggregation swept the best of three series with the youthful Pentiction Rexalls two games straight and took the title back to the coast.

The coast nine won the first game Sunday afternoon 18-12 and then came back to win the night-cap by a big 14-6 score.

Playing their first year together, the young local team put up a stiff battle before bowing out to the older Collingwood team which has played together for five years.

Playoff jitters cost the Rexalls the first game when they booted the ball around in the first inning and let the visitors score four runs. Collingwood chucker Adrian Bowes and her battery mate Bev Griffiths were pretty well unbeatable for the first four innings and had the Rexalls swinging at thin air most of the time.

GALE, McSTOCKER HOMER
When the Rexalls finally got used to the fast pitching they exploded for three runs in each of the fourth and fifth frames, but by that time the Collingwood lead was too big. The late Pentiction rally was sparked by June Gale and Ann McStocker who each connected for circuit clouts.

Rexalls' star of the series was 15-year-old Shirley Walker who pitched both games for the losers and was no soft touch for the coast sluggers. Had her fielders possessed a little more confidence and experience she could very well have been the winning pitcher.

The Rexalls looked like they were on the victory trail in the second game when June Gale connected for her second homer of the series with one on in the first inning.

Collingwood pitcher Marion Goddard closed the door, however, and allowed only six singles while her teammates capitalized on numerous Pentiction errors to build up an insurmountable lead.

Junior Tennis Crown Won By Glen Delcourt

KELOWNA—Few persons were surprised when 14-year-old Glen Delcourt captured the Kelowna Lawn Tennis Club's junior championship last week by defeating Hong Mar, 10, in the final.

A natural in the racquet game, Delcourt this year stands a chance of winning the Patkin Trophy, to be awarded shortly for the first time to the most outstanding junior tennis player in the province.

Delcourt proved his claim recently winning the Pacific Northwest championship for boys 13 and

Les Edwards led his Pentiction Athletics to top place money in the big, \$1000 baseball tournament here on the week-end with a sensational four hit pitching performance in the final game.

The A's edged out Rutland Adanacs 6-3 in their first game and then, with Edwards at the helm and some home run hitting by young Lloyd Burgart and Grant Warwick, shut out the Kelowna Orioles 5-0 in the final Monday afternoon.

The Orchard City Orioles reached the finals with an inspired 8-3 win over the powerful South Burnaby Athletics early Monday afternoon. With Wally Lesmeister on the mound, the Kelowna crew were slightly less than sensational in the field and showed no respect for the coast team's top hurlers.

With Lesmeister still on the mound the Orioles went into the final contest playing the same brilliant ball, but Edwards just wasn't giving them anything to hit and in the end Wally finally got tired and served a couple of fat offerings.

The A's broke up a scoreless ball game in the fourth when Grant Warwick got on via one of Kelowna's rare miscues and then youthul second baseman Lloyd Burgart put everything he had behind one and bounced it off the light standard in left field for a two run homer.

CALLED IT A DAY

Wally called it a day and big Dave White, who has given the A's a rough time this season toiling with the Vernon Canadians, came in to pitch. He handuffed the local powerhouse until the eighth when big Sam Drossos finally got hold of one and pounded it out to the centre field wall for a three-bagger.

Grant Warwick, who had been having umpire trouble all day, followed with a mighty blow over the left field fence to clear the sacks and give the A's a four run advantage.

Doug Kilburn beat out a single and Burgart came up with his second hit of the game—a sharp single to right—to score Kilburn and the game was in the bag. With the exception of Brian (Continued on Page 3)

OSOYOOS NET STAR WINS AT VALLEY MEET

Norma Horner, young Osoyoos net star, was the only double winner at the Annual Okanagan Valley Tennis Championships played on the Vernon Country Club courts over the Labor Day week-end.

Miss Horner captured the women's singles crown when she defeated Kamloops' ace Miss George Garlick straight sets 6-4, 11-0 and then teamed with Miss Mary Stubbs, of Kelowna, to win the women's doubles title with an easy 6-1, 6-3 victory over the Kamloops team of Mrs. Garlick and Lorraine Carruthers.

The Kamloops' duo of John Nagy and Gordon Cummings won the men's doubles crown when they trounced the strong Vernon team of Gene Homer-Dixon and Held Clarke straight sets 6-3, 6-1.

Homer-Dixon and Clarke advanced to the finals by defeating George Fudge, of Summerland, and Ted Cardinall, of Pentiction, in the semi-final in one of the most exciting matches of the three day tourney.

No winner was declared in the men's singles division with the final match between Summerland veteran Fudge and Kelowna ace Ernie Winter being called because of darkness in the third set. Winter took the first set 6-3, but Fudge rallied to cop the second 6-1.

FINALS NEXT SUNDAY
The finals of the mixed doubles will be played off this week-end with Nagy, of Kamloops, and Miss Molly Beley, of Vernon, coming up against the Kelowna team of Winter and Miss Stubbs.

Shirley Lake Tennis and Country Club players competing in the Valley meet included Mr. and Mrs. Ken Campbell, Miss Sheila Hicks, George Fudge, Mr. and Mrs. E. C. R. Cardinall, Miss Mickey Bell and Mrs. Perry Darling.

The red-headed sensation reached the final in the men's consolation singles during the Interior championships (tourney last month.

More Punching Than Hitting; A's Lose To Oliver 7-3

PLANS FOR PNW ROWING EVENTS GET UNDERWAY

Initial plans for the Pacific Northwest Rowing Championships, which will be run off at Skaha Lake on September 20, were laid at an organizational meeting of local rowing enthusiasts last Friday night.

The committee expects from between 60 and 70 competitors from rowing clubs in Portland, Seattle, Victoria, Vancouver, Nelson, Kelowna and Pentiction to participate in the regatta, the first of its kind to be held in this city.

The Pentiction rowing club plans to enter two fours crews and their activities received a boost this week when it was announced that the Nelson rowing club has loaned the local organization two fours shells, three singles shells and a doubles shell.

Bill Lemm is chairman of the committee in charge of arrangements for the big regatta. Included on the committee are Frank C. Christian, Reg Duncan, Colin McDonald, John Coe, Sid Kenyon, Paul G. W. Walker, Paul Aldersey, Carl Gorman, Jim Campbell, Mrs. George Kingsley, George Kingsley, A. Hatfield, Harley Hatfield, Bill McCulloch, Len Hill and several others.

Attorney-General R. W. Bonner has been invited to act as Commodore of the regatta. Members of all the city service organizations have been asked to act on the dance committee. This dance will be held on the night of the championships and it is here that the various trophies will be presented to the winners.

Admission to the races, the finish of which will be in front of Steve Store's boathouse at Skaha Lake—the best point from which to view the events—will be 50 cents for adults and 25 cents for children.

There will be an advanced sale of tickets for the dance at \$1.25 per person or \$2.50 a couple. A dance ticket also entitles the holder to admission to the regatta.

CAMOUFLAGE
Perhaps you have noticed that the eggs of birds who cover their nests during a temporary absence or are naturally concealed and hidden from view by darkness or vegetation, are usually white, while species that nest more or less in the open generally lay coloured or mottled eggs which, it is believed, are not so likely to be seen from above by prying eyes.

Baseball history was made at King's Park last night when the Pentiction A's and the Oliver Elks tangled in the first game of the best of three final for the Okanagan - Mainline League championship and the CKOK trophy.

Everything that could possibly happen and everything that should never happen in a ball game happened—a pitcher hurled a no hitter and still lost the game and, contrary to all tradition, an umpire took the first swing at a player and was banished from the game.

The A's ace southpaw Ted Bowsfield pitched the no hitter and still lost the ball game 7-3, while the Elks' Eddie Steffen, who was nicked for 10 hits, including two home runs, was the winner.

Ted had no one to blame but himself. He walked a total of eleven men—six of them in the disastrous fourth inning when Oliver scored six runs, but he received very little help from his battery mate Kev O'Connell, who was having another of his off nights.

What happened in the fourth inning, in addition to the outbreak of walks so generously given up by Bowsfield, doesn't deserve the name of baseball, but the fans could never claim they didn't get their money's worth of entertainment.

SAM STARTED IT

The trouble began when Edwards moved big Sam Drossos in to catch. Sam caught two balls and then got into a mild argument with plate umpire Walter Schumann—at least Sam was mild.

What Sam said to the umpire no one but Sam and the umpire know, but he was ordered out of the game. Sam paid no attention, so Schumann went over to the A's bench to argue with coach Les Edwards.

The argument got violent and suddenly Schumann let fly with a haymaker. That was fine with Les and the two squared off. The boxing match was good as long as it lasted with Edwards having a decided edge, but a hundred or so fans rushed onto the field and spoiled the show.

No one was hurt very much in the fracas except one local fan who pushed base umpire Jack Kincaid once too often and got a well-deserved smack in the eye for his trouble.

The league officials banished Schumann from the game—protesting violently all the way and the contest proceeded after both teams

had stated they would file protests. The A's collected two of their runs before the Donnybrook when Richie Snyder and Sam Drossos provided the one-two punch with a bases empty homer each in the third frame.

Edwards relieved Bowsfield for a while in the fourth and when Ted returned to the mound in the fifth he pitched sensational ball for the rest of the route, but the damage was already done. Bowsfield had 18 strikeouts to his credit and Steffen 13.

There were also some high spots as far as baseball went, with A's Snyder and second baseman Bill Nicholson coming up with two smooth double plays and Doug Kilburn doing a record-breaking hundred yard dash back of third to pull out a high fly and put out the fire in the fourth.

Big Hockey Booster Club Jamboree At Arena Friday

Hockey fans who have been hibernating all summer are expected to emerge into the open in force tomorrow night on the occasion of the Hockey Booster Club Jamboree, a pre-season high jinks party which is being staged by the booster club for its members at the Memorial arena.

To acquire membership all that is necessary is to buy a booster ticket for one dollar. This entitles the holder to free admission to the jamboree, and opportunity to win a season ticket for the senior hockey games.

Ambition of the booster club is to raise sufficient money to enable the V's to start the season with a clean financial sheet. Sale of tickets has not been pressed during the summer months in view of the needs of summer sporting activities, but with the hockey season only a matter of a few weeks away the booster club campaign will now go into high gear.

The jamboree tomorrow night will be the last event held in the arena before ice making starts as ice must be ready for Coley Hall's Vancouver Canucks who open training here on September 25. Entertainment tomorrow night is destined to suit every taste. All the fun of the fair will be available on the sidelines with opportunity to win valuable prizes. Dancing will go on throughout the evening.

Booster tickets will still be on sale after the jamboree but those who do not get their tickets by tomorrow night will be too late to participate in the draw for the season tickets.

Kamloops Loses To Vancouver In B.C. Women's Ball Final

KAMLOOPS — Vancouver Richard and Farris won the British Columbia senior B women's softball championship Sunday by beating Kamloops Silver Streaks 5-4.

Richard and Farris grabbed the opener Saturday evening 4-1. The Vancouver club took over from Kelowna Aces who won the title last year.

Shortstop Velma McQuade scored Sunday's winner when she scored from third on a no-play infield pop-up. The bases were loaded with one out at the time. Lee Anderson pitched a five-hitter for the winners while Streak pitcher Marge

Shannick permitted eight Vancouver blows. Ann Korona twirled a three hitter for Richard and Farris in the first game.

Kamloops 010 021 0-4 5 5
Vancouver 000 040 1-5 8 6

TRYOUT WITH NEW YORK RANGERS

KAMLOOPS — Freddie Gaber has left for Winnipeg where he will tryout in the New York Rangers hockey camp. Gaber played with the Kamloops Juvenile hockey club and Rayleigh in the Kamloops Commercial Hockey League last winter.

A "prairie jigger" is a device whereby Manitoba fishermen hang a gill-net under the ice during the winter fishing months.

Edwards Hurls

(Continued from Page 2)

Roche, who collected three of his team's four hits, the Orioles couldn't touch Edwards. The old maestro really showed the boys how it's done. Not a single Kelowna player got past second and no one got a free ticket to first or stole a base. Edwards struck out 12 in fashioning his four hitter.

While the A's were less than sensational in the field in their first game on Sunday, southpaw Ted Bowsfield twirled a three hitter for a win over the Adanacs.

Bowsfield sent no less than 19 of the northern visitors down swinging, but he suffered streaks of wildness and walked nine.

One of the highlights of the tournament was Kelowna's smooth infield work. The Orchard side aggregation completely no less than five double plays — three against South Burnaby and two in their game with Pentleton.

Perennial first sacker Hank Tostenson moved to second and played the position like he had played there all his life, while big White was equally capable at the key-stone sack.

The two day tourney produced, in addition to some of the best pitching seen here this season, fielding gems galore with South Burnaby's centre fielder Wendell Robinson and the A's Mac Collins getting star billing.

Young Kev O'Connell came out of his slump and turned in an excellent game behind the plate in the final as did Kelowna's young backstop Campbell, who pitched for Rutland in the first game and then caught for Kelowna in the final two contests.

Sports Chatter

By E. J. (DAD) PALMER

GOLF

Captain Bill Johnson has announced that an Oliver contingent, 22 strong, will invade the local course on Sunday. The gang from down south is all set to collect a few Pentleton scalps, so polish up your clubs boys and get down there by 9 a.m. if you want to play for the honor and glory of your club — and besides have a lot of fun.

Our own events are all down to the finals. The men's championship, 36 holes, will be between Maurice Schull and Art Marlow. If I can get a line on the date they will play it off — I'll give it a little publicity.

"Dad" Palmer in this column — if I know in "good time" as to when that important match will be played. There are lots of us, I feel who would like to see the boys play their match.

The finals for the men's handicapped, first flight is between George Drossos and Don Peterson. The mixed two-ball foursome, the Allerton Trophy, went to Miss Frances Latimer and R. Jamieson. That's O.K. by me. They were the couple who defeated my charming partner, Mrs. Enns, and myself in the round, so after surmounting that obstacle, they apparently had no trouble in going through to win the cup!!! Nice going to you both.

Ladies' Section — Seems I erred in my column last week — whether I got the wrong information from our ladies' captain (down in Omak a week ago Sunday), or whether I misunderstood what she told me, I do not know, but I gave Mrs. Zella Latimer credit for being the runnerup to Pearl Bates for the championship — (I hear Zella got a big laugh and quite a kick out of it), whereas it was Miss Frances Latimer who took the honors. Sorry, folks, very sorry for the mix-up, so to Miss Frances I now say — nice going and better luck next year. To Mrs. Zella, I will say that some day she may be able to acclaim her as winner or runnerup — I hope so anyway. And we'll just blame the whole thing on that damned beer they served us with so generously down in Omak!!!

BASEBALL
That recent exhibition we had here with Rutland can be described in just one short sentence — "Bush League stuff". It was pretty awful and everybody was mumbling and growling about it.

One bright spot in the game was Mac Collins' good base stealing — he really had that pitcher worried and eventually enticed him into making that bad throw to third, on which Mac stole home.

Didn't get to see any of the Labor Day games. Was waiting for the final on Monday evening, but instead, and unknown to me, they played a doubleheader on Monday afternoon. However, our boys came through in the final 5-0 against Kelowna, and so congratulations to the whole gang.

At the previous week in that important game of waiting, but not to see our Lee Edwards, who has worked his head off so hard all season — and to my mind, made a mighty good job of handling the team — come through with that seventh inning two run single that really won the ball game. Then Sambo Drossos steps up with a three run double that left things to Gilbert and Sullivan and say — "no matter of doubt whatever". Nice work Les and Sam.

And now boys, let's hope you all keep up the good work tomorrow night, (Wednesday) in the final against Oliver. None of those wild throws to first base up in the stands — or to third base. Just keep cool, fellows, and you can do it.

MISS PNE OF 1952
I could not write this column without a word of admiration for that lovely young lady, Miss Joan Nagle, our own Peach Queen, who won such signal honors at the coast and by doing so did so much to put our city "on the map".

When I saw the pictures of those 14 very pretty girls in "The Sun" before the contest took place, I made the mark that the judges were going to find it hard to overlook Joan for first place.

So, young lady, I'm very happy to be able to add my six-bits worth to the many nice things that have recently been said about you, and very deservedly too. You are a credit to your home town, and we are all proud of you — nice going, Joan.

HOCKEY
It's just around the corner — our big jamboree and dance (Saxie's orchestra) comes up tomorrow, Friday night, at the arena. And the next day, Saturday, the ice goes in for hockey and skating.

So this is my last chance to tell all of you who have not yet bought your Hockey Booster tickets to do so as fast as you can. Even if you can't go to the jamboree and dance, buy a ticket anyway and support your home-town hockey team and hockey in general in this city.

We put in a lot of time last Saturday afternoon and evening —

and so did that work-horse, our president, Jack Newton, trying to push the sale of those booster tickets at the corner of Main and Wade (thanks to the generosity of the Veterans' Taxi Cab people — who allowed us to use the front of their property for our display — and while the actual sale of the tickets proved a bit disappointing, I feel we did put over quite a bit of publicity).

A lot of people already have their tickets, and to those who have not, and won't go, all I can say is buy your tickets as soon as you can, and even if you don't go, there are inducements for you to buy a ticket and help support the hockey team.

OUR PRIME MINISTER
Have just returned from the Barf Shell after listening to that very good political speech the Prime Minister gave us. It was the first time I have seen or heard him and he impressed me as being a "gentleman". Whether I agree with his politics

or not has nothing to do with it. He is there as the elected head of this country and as such we are bound to honor and respect him. There is just one question I'd like to ask. When is Ottawa going to allow this country to be run by the men we all vote for — our own members of parliament — (in spite of the nice remarks our own Mr. Jones made)? At present — by Order in Council — the Cabinet, and some of them very authoritative, while the men we vote into parliament, and incidentally pay their salaries, are mere puppets and have very little say in the running of our country.

Ladies and gentlemen — these things ought not to be!!!
HORSEMEN
Was glad to see some of our local members did so well at Tonasket a week ago Sunday. As we travelled down to Omak that day we passed over so many vans and drays all containing horses and all heading for Tonasket.

DESIGN 225

The "corner window" has been used to advantage by architect M. G. Dixon, of Ottawa, in this new three-bedroom bungalow. The kitchen and two of the bedrooms derive extra light and fresh air through this particular arrangement while the living room has a large area window with a fixed centre sash flanked by double-hung sash. The front entrance is well protected by a spacious porch, which also provides sitting out space. A breakfast nook in the kitchen, a handy trades entrance and basement stair arrangement, and good separation of the living and sleeping areas are other features. The exterior dimensions of the house are 36'4" by 28'0" and the area is 942 square feet. The cubic measure is 18,855 cubic feet. Working drawings may be obtained from Central Mortgage and Housing Corporation at a minimum cost.

VLA Advises . . .

By **TOM GARSIDE**
Construction Supervisor

The following house areas and space requirements taken from the VLA building standards, and the areas for deletions which were listed in last week's article should be of interest and most helpful to veterans who are now in the planning stage.

The areas shall be calculated from the exterior wall dimensions, and shall exclude porches and verandas, but include usable portions of finished or unfinished second floors and proposed extensions which are shown on the plans when they are submitted. Garages shall not be included in the floor area.

DIMENSIONS OF ROOMS
(a) Standard rooms shall not be less than the requirements hereinafter set out:—

Type	Min.	Min. Floor Area Width
Living Room	150 sq. ft.	10'-0"
Dining Room	80 sq. ft.	8'-0"
Kitchen	50 sq. ft.	5'-0"
First Bedroom	110 sq. ft.	9'-0"
Additional Bedroom	80 sq. ft.	7'-0"

(b) Combination rooms shall at least comply with the requirements hereinafter set out:—

Type	Min. Floor Area Width
Living and Dining Room	190 sq. ft. 10'-0"
Kitchen and Dining Room	90 sq. ft. 7'-0"

A combination room shall not be divided other than by a beam in the ceiling and/or cabinets not over 4 feet high.

(c) Ceiling heights shall not be less than the following:—
Basement floor to underside of beams, 6'-4" clear height.
Principal habitable rooms except bedrooms, 8'-0" clear height.
Bedrooms and secondary habitable rooms, 7'-0" clear height, provided that sloping ceilings may be used in such rooms if at least 50 percent of the required minimum floor area has a clear height of 7'-0". Any part of the floor over which the clear height is less than 4'-0" shall not be considered in computing the minimum floor area.
Bathroom, 7'-0" clear height.

CLOSETS:
(a) Each bedroom shall have a clothes closet with a minimum area of 6 square feet. The clearance between finished walls should be at least 24".
(b) An average ceiling of 6'-0" shall be provided above the required minimum floor area of all clothes closets. Floors of closets over stairways may be raised not more than 16" above the adjoining floor line, provided that at least 50 per cent of the closet floor is parallel to the adjoining floor.
(c) A linen closet shall be provided, preferably off a hall. The floor of such a closet may be raised not more than 2'-0" above adjoining floor level.
(d) A coat closet or suitable space for hanging outer garments shall be provided. This closet should be located in close proximity to, and accessible from, the front entrance.

WINDOWS:
(a) Minimum Glass Area Required — (1) Each type of room mentioned in "Dimensions of Rooms" (a) and (b) shall have a window or windows opening directly to the outside. The aggregate unobstructed glass area of such a window or windows shall not be less than one-tenth of the floor area of the room served. (2) Every bath room or water-closet room in any house shall be provided with 4 square feet minimum unobstructed glass area in a window opening directly to the outside.

(b) Light and Ventilation — (1) The minimum height of the top of any window sash (in a room) above the finished floor shall be 6'-6". (2) Ventilation shall be provided to all rooms by means of hinged or sliding sash. Where fixed glass is used, a louvered or other suitable type of ventilator, which will supply ventilation, may be substituted. (3) Light and ventilation shall be provided for all basements.

PRIVACY:
Access from bedrooms to at least one bathroom shall be by means of a bedroom hall. If more than one bathroom is provided, access to additional bathrooms may be directly off bedrooms. Access to the bedroom hall by passing through a kitchen is not acceptable except as an alternative means of entrance.

BATHROOMS:
(a) A distance of not less than 1'-6" shall be provided between the front of the W.C. and the face of any other fixture or wall. The W.C. or the wash basin may be located in a recess not less than 2'-6" wide.
(b) If it is not possible at the time of construction to provide modern bathroom facilities, the house should be planned and constructed to include space suitable for a bathroom so that the installation of such facilities may be made at a later date.

VESTIBULES AND HALLS:
(a) Vestibules or entrance halls shall have a width of not less than 3'-6" and a depth of not less than 3'-6", measured from finished walls.
(b) Other halls or passageways shall have a width of not less than 3'-0", measured from finished walls.

DOORS:
Door widths required:—
(a) Side, rear, and main entrance doors, exterior utility room doors, and doors to vestibules or entrance halls, minimum 2'-8".
(b) Bathroom doors, minimum 2'-0".
(c) Clothes closet doors, minimum 2'-0".
(d) Other room doors and stair doors to second floor, minimum 2'-0".

STAIRS:
(a) Stairs to habitable rooms in a basement shall be constructed as main stairs.
(b) The use of winders is permitted on one (only) ninety degree turn between any two floors, and shall consist of two angled risers with three winding treads.
(c) The use of a single riser on stairways is not permitted.

BASEMENT ROOM STANDARDS:
(a) Habitable rooms may be located in the basement of a house providing such habitable rooms

Over 500 Head Choice Cattle At Annual Sale

Between 500 and 600 head of the Interior's choicest beef cattle will be sold to the highest bidder at the Southern Okanagan Stockmen's Association tenth annual sale at Okanagan Falls next Wednesday.

Officials announce that all the cattle will be of top grade and top prices are anticipated.

While the 600 head expected to go under the hammer this year is more than was sold at last year's sale, it is still far below the 1,400 head which changed hands in 1949 and the 1,080 in 1948. However, there will be another stock sale at Okanagan Falls in October.

No cattle from the United States will be in the show rings because of the embargo, but many American buyers are expected to bid on Canadian beef.

The cattle will be divided into small lots, rather than car lots, in order to give the small buyer a chance to get in on the bidding.

FINEST STOCK

Some of the finest stock in the southern interior will supplement herds in the south or be sold as beef. Ranchers from all parts of the district, including Greenwood,

"COWPOKE" AT WORK

To those uninitiated into the mysteries of the cattle business and the work of its most important figure—the cowboy—a trip to the Okanagan Falls cattle sale next Wednesday will be most enlightening.

There, without any gay colored shirt or fanfare from the rodeo announcer, will be seen the "cowpoke" at work. His job is hard and tough and requires horsemanship, skill, and above all, patience.

TOP HONORS AT LAST YEAR'S Southern Interior Stockmen's Association show at Okanagan Falls were won by nine-year-old Harold Harfman, of Bridesville, pictured here with his Grand Champion bull, 1,020 pound "Prince". At the left is 11-year-old Arthur Harfman who came second in the Bridesville class. The prize beef was sold to the Swift Canadian Company for the top show price of 46 cents a pound.

More than \$16,000,000 was earned by the sale of sheep and lambs in Canada during 1950.

Canada exports from 20 to 40 percent of her agricultural products depending on world markets.

Junior Farmers To Display Calves At Annual Stock Fair

The biggest annual stock fair in the district — the tenth annual Southern Okanagan Stockmen's Association sale at Okanagan Falls next week — isn't only for grown-ups.

Many of the area's young farmers will be present, proudly displaying their calves and competing for the many cups and trophies which have been donated for the junior events.

The young farmers will show their calves before Russell Phillips, of Vancouver, grader and salesman for the B.C. Stockmen's Association marketing service, who will judge the baby beefs.

A large number of grain fed calves fitted by the boys and girls of the calf clubs in the district will be up for sale at the auction which will get underway next Wednesday.

The young members of the clubs have worked hard and long for this opportunity to get their prize animals on the auction block and in the show ring and their stock is expected to bring some top prices.

Main prize in the junior section is the Penticton Herald Cup for the best calf in the boys' and girls' division and there are also many other prizes and awards donated by interested groups.

MOST BENEFICIAL MANURE

In an experiment conducted at the Experimental Station, Prince George, B.C., it has been shown for that area, that barnyard manure is a much more valuable and beneficial source of organic material than a hay crop plowed down as green manure.

Soil Conditioner Now Made In Wettable Form

A wettable flake form of synthetic soil conditioner for application as a solution by sprayer or watering can rather than a dry dust, has been introduced in Canada by Canadian Industries Limited.

The new formulation is named "Loxar" W to distinguish it from

C-I-L's dry dust soil conditioner, "Loxar", which was brought out earlier this year.

The new product is readily soluble in water and is recommended for the control of surface crusting of soil in vegetable and flower gardens, greenhouse flats and market garden beds. It will also prevent erosion on slopes and embankments until natural cover is established.

Air Cadettes Open Training Schedule

The first parade of the Cadette Flight of No. 259 Squadron RCAC will be held in the Penticton Armoury next Tuesday, September 9, at 7 p.m.

Cadette flights have been formed by several RCAC squadrons throughout the province and they have all been operated with great success. Conditions of entry and the syllabus are the same as laid down for Air Cadets. Girls must be between the ages of 14 and 18 as

at September 1st, 1952, and no exceptions can be made to this ruling. The Cadette syllabus although similar in many subjects to the Cadet syllabus has had the emphasis laid on Telecommunications, but Cadettes will also have the chance to put in time in the Link Trainer and to use various other pieces of training equipment.

Any girls in the 14 to 18 age group who are interested in joining the Cadette flight should be at the Armoury next Tuesday or contact the Squadron Commanding Officer, P/L Day at 992 X.

Insecticides Not A Menace To Wild Life U.S. Agriculturist Says

With the increasing use of modern insecticides such as DDT, some Canadian bird lovers and sportsmen have expressed concern about the effect of these chemicals on wildlife. Avery S. Hoyt, chief of the Bureau of Entomology and Plant Quarantine of the U.S. Department of Agriculture, however, is not apprehensive. Chemical pest control is an im-

portant element in conservation, says Mr. Hoyt. Forest pests now are regarded as guilty as forest fires in causing wildlife destruction. As a matter of fact, many of the devastating forest fires are due to insects. There is no need to recount what forest fires mean to wildlife.

Large scale control operations usually are under the direction of trained personnel. Control of forest-destroying insects such as the spruce budworm and the tussock moth can readily be obtained by the application of DDT at the rate of one pound per acre.

Population studies of birds before and after spraying indicated that there was no abandonment of nests or any nestling mortality that could be attributed to DDT. Repopulation of insects used by birds and animals as food was rapid. Direct fish losses in streams were small in comparison to the total population present. The loss of brook trout in one stream studied was estimated to be only 1.3 per cent.

Tests by the U.S. Public Health Service and the Tennessee Valley Authority have shown that airplane application of DDT at the rate of 0.1 pound per acre has been effective in eliminating malaria-carrying mosquitoes, Mr. Hoyt reported. Those who have been concerned over the widespread use of DDT for mosquito control should be relieved to know that after 16 consecutive applications, there was no injurious effect to the resident fish population.

While Mr. Hoyt's statement referred to the United States, it can be applied to Canada as well since similar conditions exist here.

PROMPT ACTION

Emphasizing that the condition of the sidewalk outside the Rexall Drug Store, at the corner of Main and Nanaimo, was causing "constant minor accidents," H. H. Boyle's letter to the city council, read at Tuesday night's meeting, brought prompt action. The engineer was instructed to level off the sidewalk by an application of cement immediately.

Ontario leads all provinces of Canada with the largest output of sugar and highest per cent sugar in beets. Beet sugar output in 1951 was 92,900,000 pounds.

SOME 150 DELEGATES from 22 non-Communist countries, including Canada and the United States, attended the Fourth Council of the World Assembly of Youth at Dakar, which opened on August 3. Above are Maurice Sauve of Montreal, chairman of the assembly, and Ibrahim Diop, grand serigne of Dakar, after opening ceremonies.

CORN ON-THE-COB IN FEBRUARY!

YES... if you stock up now and store it in your locker! Food Storage Lockers are the modern way of beating the high cost of living. Fruit and Vegetables can be bought at the peak of the season when prices are low, and stored for the remainder of the year. Flavor and color are maintained and it is a real thrill to eat "out-of-season" foods, knowing that it cost "in-season" prices. Enquire today about the reasonable rates.

Fall Theme For Half Sizes

Malus... New at Heather's, New in Penticton, New for You!

Our Fall Theme, as you know, varies but little each year and such changes as are introduced are always superficial — never fundamental. For we can think of no better way of beginning a new season than to give thought to the half sized woman. After all, she is — in a very special way — our pet customer, we take pleasure and keen delight in seeing that she has her share of glamour. The matron and Heather's have come a long way together in the past year. What is most significant about our success is we bring her fashions that fit.

A Pleasant Change...

By Malus... newest grace note, the jacket-dress of rayon faille, accented with lace and light-catching hand sewn beads. The perfect dress for fall teas. The perfect shade... coffee. The size 20 1/2 at \$29.95. You will be smart to wear powder blue. This Malus dress is a picture of elegance. Well chosen lines get the winning vote every time from the busy matron! A born fashion leader in fall... soft simplicity that's conventionally perfect for the coming season. Priced at \$25.95.

Keyed To Fall

In the process of glorifying the matron figure we have here given you two examples of the new array of fall fashions. This is just a peek, come in and let us do just what we have claimed — Glorify You.

Finally, come in and tell us what your fashion difficulty is. We can never hope to solve one hundred per cent of all the difficulties involved in today's fashion problem, but the more you tell us, the closer we come to making you a satisfied customer. Consistently we strive to see that among the fashions we show, you get what you want when you want it.

Sincerely

Heather's... the finest in Fashion and Fabric. Prince Charles Hotel

British Isles Wins Admiration Of Penticton's Barbara Schwenk

Refrigerated Trucks Carry Valley Fruits

On August 26 another forward step was taken in the transportation of Okanagan fruits to prairie points with the inauguration of regular refrigerated truck service by Refrigerated Express Lines Ltd. of Vancouver.

First cargo consisted of 1150 crates of Okanagan peaches which arrived in Regina on August 28 — total running time approximately 48 hours. This fast truck schedule is more than 48 hours faster than rail service, and it will mean getting Okanagan fruits to prairie consumers fresher than ever!

Trucking of Okanagan fruits and vegetables has reached substantial volume over the Hope-Princeton Highway to the coast, and officials of B.C. Tree Fruits Ltd., believe there is a great future for this fast, fully-refrigerated truck transportation to the prairies.

Trucks to be used in this service have full refrigeration equipment, and temperatures are automatically controlled within three degrees of any desired temperature. Route followed by the trucks will be almost entirely via Canadian highways. Only for a comparatively few miles in Eastern Washington and Idaho will these huge tractor trailer units use U.S. roads.

FIRST MEETING OF P-TA SEPTEMBER 11

The first meeting of the 1952-53 season of the Penticton Parent-Teachers' Association will be held on September 11.

The meeting will take the form of a social evening, with a special invitation being extended to two groups — the parents of grade one pupils and the teachers. A special welcome is being extended to new teachers in Penticton and their wives.

The meeting will be held in the school cafeteria at 8 p.m.

Parker Industrial Equipment Company Phone 96 — Corner Winnipeg And Nanaimo

Vivid impressions of Great Britain, as seen through the eyes of Barbara Schwenk, Penticton's representative with the famous Elgar Choir, now homeward bound following a summer tour of the British Isles, are contained in the following article written by Miss Schwenk aboard the SS Franconia as the big ship steamed across the Atlantic.

During our thrilling seven week tour of Britain we have seen many wonderful things. We have visited over 20 cities in England, Scotland and Wales, and have seen more of England than many an Englishman, writes the talented young Penticton Miss.

Now, as we steam steadily closer to home, aboard the HMS Franconia, it is hard to believe that we have actually seen so much. England seems like a wonderful dream left behind in the mists of the Atlantic. Yet there are so many lasting impressions that we carry back with us.

One of the things that impressed me most was the fact that although England is such a small country, it contains so much; such a wealth of knowledge, of history, of beauty and tradition.

Wherever you go, this is seen. Each city, large or small, has some remarkable historic background. In Dumfries we walked, with great awe, through the home of Robert Burns, Scotland's national poet, and we realized that this was actually where he had lived and written and died. In Dumfries we stood and wondered at the altar where the heart of King Robert the Bruce lies buried. Hampton Court Palace, once the home of English royalty; Trafalgar Square with its magnificent memorial to Horatio Lord Nelson; these things made history come alive to us, as we stood in Westminster Abbey, and closed our eyes, we could almost hear the echoes of voices long dead, for this is truly a place of rest for the famous. Here lie buried such men as George Frederick Handel, David Livingstone and Rudyard Kipling.

Even the busiest cities have kept space for great monuments, lovely parks and beautiful buildings. People there take time to enjoy such pleasures of music and art. Every town has museums, art galleries, music halls and theatres. To me, coming from a land where you can go through hundreds of miles of waste and desert land without seeing a house, it was constantly amazing to see how every square inch of land is used to some purpose. To see a great city with smoke-belching factories and grimy streets, and then to see lovely parks, peaceful farms with thatched roofed cottages, beautiful ancient castles and perhaps even a monastery, all in the radius of a few miles.

In the cities themselves you can see row on row of houses, one jammed against the next, and each one exactly the same. And yet, in these houses, each alive in their darkness, live the wonderful British people; the people who have opened their hearts and their homes to us. Who, in spite of austerity and taxes and

rationing, are still intensely proud of Britain, and could not picture themselves living anywhere else. It is the dauntless spirit of these people that made the greatest impression on our minds. We shall never forget them.

ABLE SEAMAN Earl McWhinney of Windsor, Ont., left, and Able Seaman R. Tindall of Lakeview, Ont., fellow crew members of the destroyer HMCS Nootka, are shown with two Korean children and a South Korean marine during a recent patrol off the east coast of Korea. They went ashore to the friendly island during a daylight anchorage.

Family Unhurt As Branches Of Falling Tree Brush House

A Penticton family had a narrow escape in the early hours of Friday morning when a 70-foot cotton tree snapped off about seven feet from its base and crashed down within two feet of their home during the high winds Friday morning.

Awakened by the sound of the falling tree was Mrs. Harry Lloyd of Main street, Penticton. She was sleeping with her young daughter in a bedroom at the back of the house. Her son Ricky was sleeping in the room next door. Mr. Lloyd was on night shift at the CPR yards.

The tree fell parallel to the back of the house, its branches brushing the roof and displacing a few shingles.

Several other trees were torn down by the wind, but no damage was caused. A power outage due to the wind was experienced for several hours, but city crews repaired the damage and the power was on again before 8 p.m.

According to the city engineer's report, \$2,203 has been expended to date on laying the six-inch domestic water main on Cambie street. Estimated cost is \$4,000.

But it was the wheelhouse and the wheel that gave Tex his biggest kick.

BETTER TIE IT DOWN "Wait, till my manager Sam Zeppel sees this," he said of the wheel. "Sam has a rumpled room at home which he's fitting out in nautical fashion. He's been looking for one of these things for years, you'd better tie it down," he warned laughingly.

The audience at the arena was small for Canada—in Victoria 2,000 people were in the arena before a note was played—but it was a good one.

The band leader likes playing for Canadians.

"I don't know why it is, but Canadian audiences always seem more appreciative than those in the states," he said.

When Tex isn't fingering his saxophone or singing in his nimble

Penticton Likes Tex; Tex Likes Penticton

Penticton has added another band leader to its long list of admirers. And Tex Beneke has added Penticton to the list of towns he likes to visit.

Thursday night the maestro charmed crowds at the Memorial Arena with his vocal and tenor sax solos which he made famous when he was with the late Glenn Miller's orchestra.

But it won't be memories of the arena or the crowds which the band leader will carry away with him, but rather those of the Slocan where he and his band were entertained by the Gyro Club before the show.

"I knew we were going to dinner aboard a boat," Tex told a Herald reporter, "but I'd no idea it would be anything like this."

Casting an enthusiastic eye over the ship Tex was full of praise for the way the old steamer has been transformed.

But it was the wheelhouse and the wheel that gave Tex his biggest kick.

BETTER TIE IT DOWN "Wait, till my manager Sam Zeppel sees this," he said of the wheel. "Sam has a rumpled room at home which he's fitting out in nautical fashion. He's been looking for one of these things for years, you'd better tie it down," he warned laughingly.

The audience at the arena was small for Canada—in Victoria 2,000 people were in the arena before a note was played—but it was a good one.

The band leader likes playing for Canadians.

"I don't know why it is, but Canadian audiences always seem more appreciative than those in the states," he said.

When Tex isn't fingering his saxophone or singing in his nimble

Brines from the Great Salt Lake, Utah, contain, as a rule, somewhat more than 20 percent solids.

Canada has been the world's principal newsprint producer for 27 years.

MAGIC makes my Cup Cakes so light and fluffy!

Gingerbread Cup Cakes

Combine 1/2 cup melted shortening and 1 1/4 cups molasses and add 1 beaten egg. Stir until well blended. Mix and sift together 2 1/2 cups sifted flour, 1 teaspoon Magic Baking Powder, 1 teaspoon Magic Baking Soda, 1 teaspoon cinnamon, 1 teaspoon ginger, 1/2 teaspoon cloves, 1/2 teaspoon salt, and add alternately with 3/4 cup hot water. Bake in 24-25" cup cake pans in moderate oven (350°) for 30 minutes. Then blend one 3-oz. package of cream cheese with enough milk to make of sauce consistency. Top each serving with a spoonful.

The Women's World

Needlecraft News

by Pauline Roy

A PIECE OF MATERIAL cut in the shape of a design or a band and sewed to a contrasting material is called appliqué. It may be of any fabric—cotton, felt, rayon, lace, velvet or even leather. Appliqué can be used effectively as trimming on blouses, dresses, aprons, hats, sweaters, belts, bags or children's clothes. Home furnishings, such as luncheon cloths, curtains, and bedspreads, may also use this type of trimming.

Create Your Own Designs

You can buy ready-made patterns for it which include directions, but you can also create your own designs by drawing it on a piece of heavy paper and cutting out a pattern from it. Use the pattern to cut out the material. This is an excellent way to use up odd pieces of materials. Be sure to allow enough material for turning under all edges at least one fourth of an inch. Felt, ribbon and leather pieces are the exception since the edges of these materials need not be turned under.

How to Apply Appliqués

If the edges are to be turned under, baste a narrow hem all around. Then pin the pieces to the article which is being appliquéd, and when you are sure each piece is in the right place, stitch it on. Appliqué can be done by hand and by machine—with visible whipping-stitches, running, or machine stitches, or blanket-stitches of crochet thread or yarn. Use fine self-color thread if you want the stitching to be inconspicuous— heavier thread in a contrasting color if you want the stitches to stand out in relief against the background of appliqué.

Colorful Back to School Ensemble

Felt, wools and beanie colorfully trimmed with gay felt appliques make an attractive back-to-school ensemble. If you would like to have a leaflet which contains directions for the appliques, as well as a pattern for the beanie, just send a stamped, self-addressed envelope to the Needlework Department of this paper requesting WESKIT AND BEANIE, Leaflet No. E-2511.

Decided Changes In Face And Figure Of New Fashions

The face and the figure of fashions have undergone a decided change for fall and winter, 1952. When we say "face," we refer to all the fabrics, particularly woolsens, which so strongly and positively identify the coming year's fashions. The clue is easy: shaggy, hairy woolsens, some of them with a furry look, though not imitating fur peltry. Coats unquestionably, in every length, say 1952 with this "face," and suits and even dresses have gone "long hair." This trend is a development of the poodle cloths that came in two years ago. Just as big, and slated to be bigger, are tweeds for coats, suits, dresses and separates.

These are among the findings of the fashion editors of Women's Wear Daily after reviewing manufacturers' offerings for the coming fall and winter. They say that all this suggests country life; and the big turn to country life or more

precisely, suburban life, may well account for it. But by way of indicating the overall importance of tweeds, let it be known that they are "big town," too, fur trimmed sometimes, in wonderful colors that look townish because of the black mixture with the colors.

The other big change, is the soft-lined silhouette, induced by softer fabrics. Woolsens, silks and rayons are softer, and chifferon, the softest of them all, is back for evening. We use "soft-line" advisedly, rather than soft, because there are still a lot of favorite fabrics like faille and batheche, and even taffeta that are stiff, but not sharply crisp as they have been for a few seasons.

In line with this, silhouette has quieted down, and some coats that are straighter, and many dresses that are straight and narrow are going to be seen.

The glimmer coat, as opposed to last year's full pyramid, is the most significant fashion trend in furs for fall and winter. While coats are straighter, they are eased and manipulated for wearing comfort, and worked in such a way as to provide silhouette news as well. The tulip line is the best example, says Women's Wear Daily, of new easing of the slim line, providing low fullness released below the knee. This comes through in the cut of the coat itself, in hidden gores, in pleats or in side vents.

Short coats are another important trend in furs, with greater emphasis on lengths that range from the 25-inch hip-length jackets to the 36-inch three-quarter coats.

Newly tapered sleeves, coming from a soft natural shoulder line, rounding out to melon fullness, and graduating in at the wrist are another highlight. Collars are mainly small, built up to frame the face and stand slightly away from the neck.

Annual per capita consumption of cigarettes in Canada is 1,200. The British figure is 1,400 and the U.S. 2,400.

Thrilling Days At National Camp For Girl Guides

The Recipe Corner

DATE BRAN CRUMB CRUST

It's the crust in pies that distinguishes the good ones from all the rest. It must be light and tasty in itself, and it must complement its filling.

Here's a new pie crust recipe suggestion: combine wholesome all-bran cereal with cooked dates and nutmeats and press into a pie pan. Use as a crust for ice cream or packaged pie filling. Because no baking is required, we call it the "top of the stove pie."

Decorated and served with iced tea or coffee, it makes a refreshing dessert, ideal for this time of year.

DATE BRAN CRUMB CRUST

1 cup pitted dates
1/4 cup water
1/3 cup butter or margarine
1 1/2 cups all-bran (ready-to-eat bran)

2 tablespoons sugar
1/2 cup chopped nutmeats.

Cook dates and water until a soft paste is formed. Add butter and stir until combined. Roll bran to fine crumbs. Add to date paste together with sugar and nutmeats and mix well. Press evenly and firmly around sides and bottom of pie pan. Fill with prepared pie filling. Ice cream or chifferon pie filling. Yield: 19-inch Pie Shell.

ORANGE AND RAISIN CAKE

Bake at 350° F. for 40 to 50 minutes.

Makes 12x8x2 or 13x9x2-inch cake. All ingredients should be at room temperature.

Grind together:
1 large orange, pulp and rind (reserve juice for topping)
1 cup raisins
1/3 cup walnuts

Sift together:
2 cups sifted pastry flour
1 teaspoon soda
1 teaspoon salt
1 cup sugar

Add:
1/2 cup shortening
1/2 cup milk

Beat:
for 2 minutes, 300 strokes, until batter is well blended. (With electric mixer, blend at low speed, then beat at medium speed for 2 minutes.)

Add:
2 eggs, unbeaten
1/2 cup milk

Beat:
for 2 minutes

Fold:
orange-raisin mixture into batter

Pour:
into well-greased and lightly floured 12x8x2 or 13x9x2-inch pan

Bake:
in moderate oven (350° F.) 40 to 50 minutes.

Drip:
1/3 cup orange juice over warm cake

Combine:
1/3 cup sugar
1 teaspoon cinnamon
1/4 cup chopped walnuts; sprinkle over cake. Decorate with orange slices.

SUMMER SUPPER

Macaroni salad is a pleasant change from potato salad on early fall suppers. Make it distinctive and tasty with generous wedges of ripe olives. Add the olives along with the cooked macaroni, chopped green sweet pepper, grated onion, chopped tomatoes and seasonings. Blend all the ingredients with mayonnaise and chill before serving.

That tired feeling experienced during the morning may be due to lack of breakfast. If that important meal is skipped, the body will suffer from lack of proper maintenance. A good breakfast will help to improve stamina and provide energy for the morning's work.

Mrs. John Drainie Puts on Blue Bonnet — Finds It Best!

Take your cue from Mrs. John Drainie — "Queen Murray" of radio fame, and wife of the well-known actor. Compare Drainie Blue Bonnet Margarine with any spread at any price. Like this leading Canadian lady, you'll find Drainie Blue Bonnet's fresh, sweet flavor always rates top billing. You'll love its year-round nutritional value and you'll love its economy. It's so handy to use, too. Each golden-yellow quarter pound is individually wrapped in pure aluminum foil with an inner parchment lining — keeps its delicious flavor in and low-fat odors out! Buy Drainie Blue Bonnet and Enjoy all three — Flavor, Nutrition, Economy!

Equal Remuneration For Men And Women

The International Labor Conference adopted a convention and a recommendation on the subject of equal remuneration to men and women workers for work of equal value at its 34th session in Geneva in 1948.

The principle of equal remuneration for the job as between men and women was recognized by the ILO in the years, 1928, 1944 and 1947.

The preamble to the Charter of the United Nations Organization reaffirms faith in the equal rights of men and women.

Many nations of the world have already adopted equal pay legislation as between men and women. Some of them are Albania, Mexico, Brazil, Bulgaria, Burma, France, Italy.

Guides and Rangers who attended the National Guide camp in late July are still starry-eyed from the thrilling experiences of living in a small city of tents on the Can-naught Ranges near Ottawa, where the slogan was "East Meets West" and where girls and their leaders from all the provinces of Canada worked and played together for twelve exciting days. In all there were 1200 Rangers and Guides, 300 Guides, and 26 visitors from England, the U.S., Jamaica, Bermuda, the Dutch West Indies and other distant points. There were approximately 143 from British Columbia in attendance, including those from this district, who were Guide Captain Mrs. H. F. Hyson, of Oliver, Guides Louisa Cox, Patricia Darters, Naramata; Margaret Brescail, Elizabeth Buchshaw, Oliver; Barbara Worth, Okanagan Falls, and Rangers Trudy Luthy, Mary Ann Rutherford and Shirley Orr, Oliver.

The Camp Commandant was Mrs. John Quinell, B.C. Commissioner.

The mammoth camp was officially opened on July 15 by Prime Minister St. Laurent, who was accompanied on the reviewing stand by Opposition Leader George Drew, Citizenship and Immigration Minister Harris, and Mrs. D. E. S. Wishart, Chief Guide Commissioner for Canada, and who took the salute while the girls staged an impressive "march past."

On Monday, July 21, with a grassy plain for a stage and a blue sky for a backdrop, the girls presented their Provincial Song and Dance Night program, each group performing songs and dances of its native province. One of the most elaborate productions was the B.C. pageant, in which were depicted the industries of the province, e.g. fishing, lumbering and fruit-growing. It ended with an authentic Indian dance in full regalia.

Another highlight of the fortnight was the sightseeing tour, which was in relays with 300 Guides going each day, and took in the Parliament Buildings and the Peace Tower, the grounds of the Governor-General's home, the museum, the experimental farm and many other interesting points. There were also shopping tours, competitions, displays, and a nightly campfire at which 400 pounds of cocoa and 625 pounds of cookies were consumed. The campfire on the last evening included an impressive candle-lighting ceremony in which each girl carried a candle which she had cast herself in the shape of a trefail, the Guide insignia.

Primary purpose of the camp was to bring citizenship into national focus, and to teach the Rangers and Guides to think of themselves as Canadians rather than as residents of their respective provinces. They were encouraged to mingle freely rather than stay with girls from their own districts — for instance, the group of which Mrs. Hyson was in charge included Guides from every province in the Dominion except New Brunswick.

Every Sweet Tooth will love

SOUR CREAM BUNS

It's such a thrill to make new yeast treats — now you haven't to worry about yeast that stales and weakens! Fleischmann's Yeast keeps full-strength, fast-acting without refrigeration. Get a month's supply.

SOUR CREAM BUNS

Scald 1 1/2 c. milk, 1/2 c. granulated sugar, 2 tps. salt and 1/4 c. butter or margarine; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well.

Sieve 1/2 c. cold mashed potato and mix in 2 unbeaten egg yolks and 1/2 c. thick sour cream; stir into yeast mixture and stir in lukewarm milk mixture. Stir in 3/2 c. once-sifted bread flour; beat until smooth. Work in 3 c. (about) once-sifted bread flour to make a soft dough; grease top. Cover and set in a warm place, free from draft.

Let rise until doubled in bulk. Punch down dough, grease top, cover and again let rise until doubled in bulk. Punch down dough and turn out on lightly-floured board; roll to 1/4" thickness and cut into 3 1/4" rounds and place, well apart, on greased cookie sheets. Using a floured thimble, make a deep depression in the centre of each bun. Brush rounds of dough with mixture of 1 slightly-beaten egg white and 1 tbs. water; sprinkle generously with granulated sugar. Cover and let rise until doubled in bulk. Deepen depressions in buns and fill with thick raspberry jam. Bake in hot oven, 425°, about 15 minutes. Yield — 3 dozen large buns.

Pound Facilities Inadequate Says SPCA President

Appearing before city council at last week's meeting, on behalf of the SPCA, Lloyd Reade stated that representations, involving the recent dismissal of the poundkeeper would be dropped by his organization. But, he added, that certain considerations would have to be kept carefully in mind by the city authorities.

"We found the poundkeeper, Mr. Doble, to be very co-operative and helpful," Mr. Reade declared. "In making a replacement you are getting at the effect rather than the cause. Mr. Doble faced all sorts of handicaps and whoever else goes in there will have the same trouble."

He stated that the council should do something to enlarge and improve the pound facilities.

"All the council would like that too," interjected Mayor Rathbun, "but we haven't been able to get around to it."

Alderman Christian replied to Mr. Reade's suggestion that the council was interested in "the dollar and cents angle" rather than humanitarian considerations.

"We felt we had just cause in our action," Alderman Christian stated, "knowing certain facts and circumstances."

"We can only judge the poundkeeper as we found him," continued Mr. Reade. "He was always helpful."

Alderman Harris assured Mr. Reade that the pound was now under a special committee, and that co-operation with the SPCA could still be assured for the future.

It seems that Canadians don't eat enough salads for a healthful diet. Odd, when you think of it, for what can be tastier—cooler—more appetizing—than a fresh, colorful salad. Let's eat more salads every week of the year.

Free Yourself from laxative slavery

Try this delightful family breakfast treat! Eat a generous bowlful (about 1/2 cup) of crisp, toasty Kellogg's ALL-BRAN with sugar and cream. Drink plenty of liquids. ALL-BRAN is the natural laxative cereal that may help you back to youthful regularity, lost because of lack of bulk in your diet. It's the only type ready-to-eat cereal that supplies all the bulk you may need. High in protein and iron... not habit-forming. Why don't you try it? Kellogg's is so sure you'll like ALL-BRAN that if you're not completely satisfied after 10 days, send empty carton to Kellogg's, London, Ont., and get DOUBLE YOUR MONEY BACK!

TINY ACORNS, MIGHTY OAKS

From the files of the *Penticton Herald*

TEN YEARS AGO—1942

Municipal council agreed to spend \$7,000 on repairs to the Ellis dam providing the provincial government would agree to supply the city with a power shovel... Red Cross officials here planned a door-to-door canvass in order to get a survey of potential volunteer workers... W. Beatty, chairman of the Summerland Board of Trade, suggested that growers in his area might be faced with a shortage of labor during the McIntosh picking season... David McNair, sales manager of B.C. Tree Fruits Ltd., announced that the current shipments of fruit out of the Okanagan were the heaviest ever. Between 80 and 135 cars a day were being moved... Captain E. A. Titchmarsh urged local growers to advise the farm labor office of their requirements in order to ensure sufficient help for the apple harvest season... Sgt. Herbert Corbushly was reported prisoner of war. He had been missing for three weeks following an air raid from which his aircraft did not return... The CWTC and the Penticton Gryo Club planned to hold a joint dance in effort to raise funds for the CWTC band.

TWENTY YEARS AGO — 1932

Penticton schools expected to have an enrollment of 1,000 pupils for the coming term. In the previous years, registrations never totalling more than 900... Archie Penttiss of Penticton won a two mile race for Model A's during a labor day holiday event... Harold Nicholl won the Spencer cup for golf with two scores of 73... Last minute details for the reception for the Governor General of Canada here were being made by council... A tribe of Kaleden's new fruit packinghouse and cold storage plant was opened... The Rev. P. Phillips, of the Foursquare Gospel Church, returned to Penticton after attending a conference at his church's Vancouver headquarters... The film "Madame Racketeer" starring Evalyn Knapp and Allison Skipworth was showing at the Empress Theatre... The Grote Stirling Cup for the best garden was awarded to Mrs. W. C. Kelley of Summerland.

Committee Will Report On Fruit Stands In City

Penticton's council is moving towards a policy to ensure an acceptable and uniform standard for all fruit sales stands in the city area. A committee headed by Alderman Phipps was appointed recently, and at last week's meeting brought in its report on this question.

Alderman Phipps recommended that the stands be on wheels or skids so that they can be removed to the rear of a property when the sales season is over. The stands should be of frame construction, sheeted on all sides to counter height, painted, provided with a roof, and be at least six feet square. The fruit, which will be inspected under Fruit Act provisions, should be displayed in properly sloping shelves.

Council discussion last week, in which Alderman Haddleton took a prominent part, revealed that the local authorities do not wish to give any cheap temporary building the opportunity of moving into a retail zone and usurping a merchant's privileges. It may be, therefore, that such stands as described above will be restricted to sale by a grower of his own fruit on his own property. But this policy has not yet been finalized. When it is, the proper amendments to the building and zoning laws will be arranged.

Meanwhile, with council studying this further, the matter is also being referred to the town planning commission and to the executive of the Penticton local of the BCPGA.

Have Created Generation Of "Lividious Readers"

Swinging out at unscrupulous publishers and authors who are flooding Canadian newstands with cheap editions of dirty books, Dr. Gordon Bales, general director of the Health League of Canada, submits that "we have neglected spiritual values and have created a generation of lividious readers."

In an editorial a recent issue of Health the fiery health crusader probes for the reason for the popularity of dirty literature. "It is due, as some say, in part at least to the influence of Freud with his doctrine of sex repression? Is it true that in our mad rush for material wealth we have neglected cultural teaching in our schools and universities, elevating the importance of technical teaching to enable one to make a living above that of teaching us how to live? And is it possible that such factors as these have encouraged the growth of a group of greedy and unscrupulous authors and publishers?"

Dr. Bates warmly commends "those individuals and groups who are risking ridicule from the ignorant and careless by publicly calling attention to a situation which is no less dangerous because most people are too indolent to do anything about it."

B.C. Apple Yields Up, But Canada-Wide Crop Estimate Down

The first Dominion Bureau of Statistics estimate of fruit production places the 1952 apple crop at 13,800,000 bushels compared with 13,000,000 bushels in 1951. Yields are higher than last year's in Nova Scotia and British Columbia but a relatively short crop of McIntosh and Delicious apples is expected in Ontario and Quebec. Decreases are shown in the yields of pears, plums and prunes and grapes but there are larger crops of peaches, apricots, cherries, strawberries, raspberries and loganberries.

Dental decay should be treated promptly so that cavities may be filled and, in most cases, the tooth saved. Neglect of what may at first appear as a mere speck may mean loss of the tooth or a major dental operation with its incidental expense.

For each 100 patients Canadian public hospitals had 142 employees in 1950 as compared with 114 in 1945.

NARAMATA

Mr. and Mrs. Roy Dicken and Miss Vera Ramsay, all of Vancouver, were in Naramata last week-end with the former's parents, Mr. and Mrs. Stanley Dicken.

Miss Joyce McRae, of Vancouver, and Miss Jane Marshall, of South Africa, were visitors in Naramata last week. Miss McRae, a former member of the elementary school teaching staff here, met Miss Marshall while on exchange teaching duty in England two years ago and with Miss Marshall's recent arrival in Canada the acquaintance was renewed.

Miss Vivian Yung, of Vancouver, spent the Labor Day week-end with her parents, Mr. and Mrs. Charles Yung.

Carelessness or failure to use protective devices are more often the cause of industrial accidents than failure on the part of machinery. Eyeguards are very important, in order that flying particles may not injure the worker's sight.

Canadian housewives serve only half as many salads at noon and evening meals as do their United States' cousins, a recent survey shows.

At noon meals, 17 percent of Canadian families eat salads while 32 percent of American families eat them. Similarly, 24 percent of Canadian families eat salads at the evening meal compared with a figure of 45 percent for Americans. Americans come very close to eating the 537 pounds per capita of fresh fruits and vegetables which is the right amount for health, according to nutritionists' menus. Canadians, on the other hand, eat only 392 pounds, far below nutritional standards.

The medicine chest with its supply of drugs and chemicals should be kept out of reach or locked against small children who might obtain dangerous substances. Drugs that may be beneficial or harmless to an adult may be dangerous to a small child.

On the night President Lincoln was assassinated there, the Ford Theatre in Washington, D.C., was playing "Our American Cousin."

HIS GARB hardly proletarian, Andrei Gromyko, new Soviet Ambassador to Britain, is his usual unsmiling self as he leaves the Russian Embassy in Kensington Palace Gardens, London, to present his credentials to Queen Elizabeth. In keeping with protocol, he entered a gilded Royal Coach to ride to Buckingham Palace where he was introduced to the Queen by Rt. Hon. Anthony Eden, British Foreign Secretary. The Russian envoy spent 20 minutes at the palace.

B.C. To Harvest Big Apple Crop

It is now considered that the B.C. apple crop will run almost two million boxes greater than last year, there being 7,050,685 boxes estimated against 5,100,373 actual shipments in 1951.

According to latest estimates released by the department of agriculture, peaches will run to more than a million and a half boxes, about the second biggest crop in the province's history.

One of the biggest apricot crops in history has been harvested and has been distributed to the trade, including a special deal for 750 tons of apricots which go to a food puree source.

The apple crop in the Summerland area is expected to be one of the largest on record, estimated at 610,000 boxes. With this crop, Summerland is the fifth largest producing area in the province, being almost up to Oyma, Winfield and Okanagan Centre.

Penticton leads the way in pear production this year with 125,000 boxes, being closely followed by Summerland's 115,000 boxes. Oliver is third with 100,000 and Kelowna fourth with 80,000.

Oliver-Osoyoos peach production is away out in front in the valley with 650,000 crates estimated. Summerland is in second place with 300,000 followed by Penticton's 280,000.

In prunes, Summerland expects to have an 85,000 box crop. Oliver-Osoyoos will have 180,000 and Kelowna 176,700.

No Harm Trying

SAANICH — Interesting possibility of an entirely new fruit industry in North Saanich came to light recently.

Dan Butler, TCA employee, and resident of Dencross Terrace, displayed a ripe apricot of impressive size which matured on a tree in his garden. Previously it had been felt that apricots would not ripen here readily.

Mr. Butler purchased the little tree three years ago. In previous years it bloomed and produced fruit. The fruit failed to mature and fell from the tree, however.

This season, however, the tree took a new lease on life. About four dozen beautiful apricots are now practically ripe.

It is possible that North Saanich apricots will soon bankrupt growers in the Okanagan.

Loans made on existing property in 1951 were about the same as in 1950. But on new construction, loans dropped \$10 million.

owns 170,000.

MILLION MORE MCINTOSH Apple production shows Kelowna out in front with more than two million boxes, half of which will probably be McIntosh. In fact, this variety is expected to exceed last year's production in the Okanagan by a cool million boxes.

By variety, Okanagan apple production follows: Duchess, 38,825; Wealthy, 152,910; McIntosh, 2,694,700; Jonathan, 369,100; Rome Beauty, 249,200; Delicious, 1,253,100; Newtown, 268,250; Stayman, 101,650; Winesap, 761,100; others 176,700.

Rum stories

"To train the shark was not so simple as you may think," said the bosun.

"Fortunately, the brig when she grounded was loaded to the brims with Lamb's Navy Rum. By judiciously rewarding my finny friend with dark invigorating tots, I so influenced his mind that he would give me the better fish such as turbot, retaining for himself only inferior qualities like cod. A trivial point, perhaps, but I thought good for discipline. I was about to send him to bring me a wife from among the girls bathing in a distant lagoon, when suddenly I sighted a sail. Instantly mounting the shark I went alongside and pausing only to present him with the corkscrew, climbed aboard."

"That's a Rum Story," said the wedding guest incontinently.

"Very kind of you, I'm sure, sir," replied the mariner. "I could just fancy a Lamb's Navy Rum."

Lamb's Navy Rum
Imported from Britain
This advertisement is not published or displayed by the Liquor Control Board, or by the Government of British Columbia.

Dated at Penticton, B.C., this 8th day of August, 1952.

T. S. DALBY,
Provincial Collector.

Keremeos Notes

KEREMEOS — Miss Patty-Lou Clarke, whose marriage to Dr. William Rowe of Vancouver will take place on September 27, graduated from the Vancouver General Hospital on August 31 and immediately went on her first case as a special nurse.

Mr. and Mrs. J. H. Ritchie were visitors in Lillooet over Labor Day.

Jack Pitt, student of the Anglican Theological College, assisted Rev. G. T. Pattison at the evening service here on Sunday. Mr. Pitt was en route to Fort Vermillion, Alta., where he will carry on mission work of the church.

Mr. and Mrs. G. J. Armstrong and

their young son, John, returned to Vancouver this week after spending a week at the home of Mr. Armstrong's parents, Mr. and Mrs. E. C. Armstrong.

Mrs. J. B. Mac Clarke leaves this week for Hamilton, Ont., where she will attend the General Council meeting of the United Church of Canada opening on September 10. Mrs. Clarke, who is one of 35 women lay commissioners attending the General Council will represent British Columbia. She was elected at the conference in May.

E. Egli has sold the Keremeos Bakery and the Silver Bell Cafe to Ernie Mollgard, who has been associated with the Sapperton Baker-

ies of New Westminster. Mr. and Mrs. Mollgard and family took over the business on the first of the month.

Mr. and Mrs. Vernon Corke and family, of Quesnel, were holiday visitors of Mr. Corke's parents, Mr. and Mrs. W. Corke and Mr. Corke's brother-in-law and sister, Mr. and Mrs. F. C. McCague.

Dr. and Mrs. T. G. Willis and family of Kamloops were guests over Labor Day of Mr. and Mrs. G. E. Willis.

Mrs. F. C. McCague has accepted a post as teacher in the Brookmere School.

Mrs. F. Sallis and Miss Edith Sallis of Penticton were week-end visitors of Mrs. Sallis' son-in-law and daughter, Mr. and Mrs. R. C. Clarke.

PRINCETON ASSESSMENT AND COLLECTION DISTRICT

I HEREBY GIVE NOTICE that, on Thursday, the 18th day of September, 1952, at the hour of 2 o'clock in the afternoon, at the Court-house, Princeton, B.C., I will sell at public auction the lands in the list hereinafter set out, of the persons in said list hereinafter set out, for all DELINQUENT taxes due and unpaid by said persons on the date of tax sale, and for interest, costs, and expenses, including the cost of advertising said sale, if the total amount of taxes due up to and including the year 1950, and interest thereon, together with costs of advertising said sale, be not sooner paid.

Dated at Penticton, B.C., this 8th day of August, 1952.

T. S. DALBY,
Provincial Collector.

IN A REPORT from Ottawa it was revealed the wheat crop now ripening is largest Canada has ever known. The current estimate is that the yield will be 656,000,000 bushels, almost 100,000,000 more than Canada has produced in any other year. The prairie are expected to account for all but about 24,000,000 bushels of this staggering crop as growing conditions in the three prairie provinces have been nearly ideal. This year's record crop is growing on 26,000,000 acres, less than a record number, as compared to 28,700,000, the largest number of acres sown to wheat in 1940.

Letters To The Editor

Correspondence will be carried by the Herald only when it is accompanied by the writer's name and address.

The Editor,
Penticton Herald.

In my last letter we looked at present facts. Let us now consider some Social Credit history. In my previous letter I tried to analyze the present position of Social Credit in B.C.

Those who have followed the growth of Social Credit from the start, will know that A. R. Orage, who owned the "New Age" in London, was looking for a reason for the mess Europe was in, due to the first world war. He met and admired the ideas of Major Douglas, who had been in India as consulting engineer for the government.

The facts he uncovered were that, in wartime, there was abundance of purchasing power and a scarcity of goods. In peace, the goods became plentiful, and money scarce. He set out to discover a cause.

Every one has become familiar with dumping and the destruction of consumable goods during times when money is scarce. Prices had to be kept high at all costs. He found that the economy of the nation depended on interest rate and the Bank of England overdraft to the government.

Books were written, a number of theories on the money system made their appearance, but then, as today, the professors (custodians of knowledge) stuck their heads in the sand, like the clergy did at the time of Copernicus.

In those days the common learned that the world turned; today he has learnt that depressions do not grow; they are made.

Royalty became interested, and down under the movement became strong enough to influence the New Zealand and Australian governments. Social Credit did not get its chance and nationalizing private industry was considered the right answer.

Major Douglas, unfortunately, was not the man to put his ideas over. His writing showed character, humor, and time, and grasp, but both his books and his speeches had a ponderous quality that did not appeal.

When in Alberta, Aberhardt considered the idea, he found it sufficiently profound to consider it part of the Christian philosophy. He not only started a crusade, but used politics as the means to put the idea over.

Plus, remember that nowhere else in the world has Social Credit captured the thoughts of the electorate as it has in Alberta. As a contrast, think of Great Britain, which had the chance to use Social Credit and neglected it.

We, of Social Credit, consider that Britain's austerity was not necessary and could have been avoided. Social Credit challenges the way the credit is issued as both evil and unsentimental. For the Liberal and the Conservative, who accept the Social Credit theory, and see its importance, the emphasis shifts. The changes advocated are not meant to cure the ills of the world. They are meant as a big step to increase the feeling of responsibility which all feeling people should have towards their neighbors.

This is not a sudden change to be brought about without sacrifices. In a democracy the government, so far as at any rate, controls everything except the credit. When the government needs money it borrows from the banks. The government is your and my representative, the people.

What security do the banks get?

Witnesses To Hold Assembly In Vernon

The Watch Tower Bible and Tract Society will sponsor a three-day district assembly of Jehovah's Witnesses in Vernon, Friday, Saturday and Sunday.

The convention will be held in the arena at Vernon. Spokesmen of the group said the purpose of the convention would be two-fold: to give Bible instruction to the many attending and to encourage Bible study in the homes of the people.

This will be the first district assembly held by the witnesses in the interior of British Columbia. This convention will be for the many congregations who are situated in the Kootenays, the Okanagan valley and the Caribou districts who have previously met in separate circuit assemblies, the first united district assembly at Vernon. In fact this is only one of forty district assemblies that will be held at this time, in England, United States, and Canada.

A. M. Dibur, a special representative from Toronto, will be the featured speaker of the Vernon assembly. He will appear on the program all three days and will deliver the main address "World Unity—Is it just a dream?" on Sunday at 3 p.m. Mr. Dibur has recently visited the British Isles and several European countries to gain information on world conditions and to contact other students of the Bible prophecy.

Rheumatic fever is one of the major enemies of children between the ages of five and fifteen, often leaving heart disease in its wake. Regular medical checkups aid in discovering the disease before it becomes established.

From Kraft... a great new
margarine discovery!

Delicious Parkay
spreads smoothly
even when ice cold!

Imagine this: Kraft's New Parkay is ready to cut into neat pats... ready to spread smoothly on fresh bread... the very instant it leaves your ice-cold refrigerator! There's never any wait for a warm-up as there is with ordinary table spreads!

A great discovery that is exclusively Kraft's has created this wonderful new margarine that spreads smoothly at any temperature and tastes better always!

Don't wait to try Parkay in your home this very day!

INCORPORATED 2ND MAY 1870.

WALKING THE FLOOR like any other father, Egypt's ex-King Farouk totes his seven-months-old son and successor to the throne, the newly-appointed King Ahmed Fuad II, around the terrace of his Isle of Capri hotel. The playboy ex-monarch, recently ousted in a military coup led by Gen. Mohammed Naguib Bey, has taken up a plush exiled existence with his family on the romantic Italian island.

Naramata Locals

Mr. and Mrs. Donald McIntosh and small son, David, of Ocean Falls arrived in Naramata last week to visit for three weeks with Mrs. McIntosh's mother, Mrs. Flora Littlejohn.

A new member, Miss Ruth Rolston, of Penticton,
Mr. and Mrs. Bert Holloway, of Vancouver, are visiting Mr. and Mrs. J. E. T. Warrington.

Percy Tinker, who has spent the summer at Prince Rupert, returned home on Tuesday to visit his parents, Mr. and Mrs. G. P. Tinker, prior to returning to UBC later this month.

Mr. and Mrs. Richard Coughlan, of Craigellachie, were visitors last week with the latter's parents, Mr. and Mrs. J. E. T. Warrington.

Mr. and Mrs. John Mather's and Davy, of New Westminster, are guests at the Naramata Lodge with Mr. Mather's aunts, Mrs. G. Hayman and the Misses Kathleen and Dorothy Robinson.

Mrs. Perry Darling, who is a member of the Skaha Lake Tennis Club, participated in the Okanagan Valley Tennis Championship played on the week-end in Vernon.

Rev. W. S. Beames has been appointed pastor of the Anglican Church in the Okanagan Mission district.

Miss Eleanor Hewlett, who has been a guest at the home of Mr. and Mrs. T. E. Drought, has returned to her home in Merritt.

Dal Fossen, of Ocean Falls, arrived in Naramata last week and is spending a two weeks' holiday visit here. When he returns north he will be accompanied by Mrs. Fossen, Jeanie and Gary, who have been visiting Mrs. Fossen's mother.

The Guild of St. Peter's Anglican Church will hold its first meeting of the fall season at the home of Mrs. G. P. Tinker on the evening of September 16 at 8 o'clock.

Mr. and Mrs. E. H. Oswell, of Kelowna, were week-end visitors at the home of Mr. and Mrs. G. P. Tinker.

When Mr. and Mrs. Allen Goodfellow arrived home on Sunday after spending some time in Alberta and Saskatchewan they were accompanied by their son and daughter-in-law, Mr. and Mrs. Beverly Goodfellow, and two children. After spending a short time in Naramata the visitors returned to Alberta.

Mrs. G. W. Raitt and the Misses Jeanie and Mary Raitt, will arrive home this week-end after holidaying in San Francisco and Vancouver.

Mr. and Mrs. H. B. C. Fry returned home on Monday after spending the past week at the coast where, on August 26, they attended the marriage of their son, Donald, of Keremeos, and Miss Jean Jamieson, of Vancouver. While away Mr. and Mrs. Fry also visited in Victoria with their daughter Miss Joyce Fry, who is a nurse-in-training at the Royal Jubilee Hospital.

Mr. and Mrs. J. E. T. Warrington spent Sunday and Monday on a holiday visit to Rock Creek.

Recent visitors with Mr. and Mrs. Nelson Hewitt were Mr. and Mrs. Frank Broderick, of Vancouver, Bill Armstrong, of Blaine, Washington, and Mrs. Hewitt's niece, Mrs. Robert Parker, of Vancouver.

When the Naramata elementary school opened on Tuesday two former members of the teaching staff, principal J. C. Mizibrockey, and Mrs. Verna Kennedy, were joined by

Drive It Yourself!

ONLY PONTIAC OFFERS YOU
"Dual-Range Hydra-Matic Drive"
OR "Powerglide Automatic Transmission"
PLUS High-Compression Engines with Stepped-up
Horsepower AND Luxurious New Interiors
and Color Ensembles

CLASSED AMONG THE FINEST...PRICED AMONG THE LOWEST!

This is your personal invitation to visit your Pontiac dealer and find out for yourself, by actual driving experience, why a Pontiac Fleet-leader or Chieftain is one of the best all-round automotive values in the world.

For there's something *basically better* built into Pontiac—something you must *drive yourself* to appreciate fully.

First of all, there's the instant response of the high-compression engines—for horsepower is

stepped up on both the Pontiac "6" and the Pontiac "8". Then, if you're driving a Chieftain with Dual-Range Hydra-Matic Drive, you'll notice how all the power you need is delivered to you precisely and automatically—exactly when you want it. Or, in a Fleetleader Deluxe with PowerGlide, this wonderful, oil-smooth automatic transmission will glide you over the miles with amazing ease.

Somewhere on your drive, park the Pontiac

and look it over carefully. Notice how Pontiac is packed with features which make it fully worthy to be *classed among the finest*. Features like GM "Shade-Lite"; tinted glass all around which filters out dangerous and unpleasant glare and heat and includes the exclusive shaded windshield.

Then drive back to us, and we'll gladly give you the facts and figures which prove the spectacular 1952 Pontiac is *priced among the lowest!*

*Dual-Range Hydra-Matic is optional at extra cost on the Chieftain Series.
†PowerGlide is optional on Fleetleader Deluxe Models at extra cost.
‡Optional at extra cost.
